SUPPLEMENTARY INFORMATION:

I. Abstract

The information collection is needed to establish whether a petitioning group has the characteristics necessary to be acknowledged as having a government-to-government relationship with the United States. Federal recognition makes the group eligible for benefits from the Federal government. No respondents made any comments regarding this information collection.

II. Method of Collection

The acknowledgment regulations at 25 CFR Part 83 contain seven criteria (§ 83.7) which unrecognized groups seeking Federal acknowledgment as Indian tribes must demonstrate that they meet. Information collected from petitioning groups under these regulations provides anthropological, genealogical and historical data used by the Assistant Secretary—Indian Affairs to establish whether a petitioning group has the characteristics necessary to be acknowledged as having a government-to-government relationship with the United States. BIA forms 8304, 8305, and 8306 are optional in providing a complete list of members of the group seeking recognition. Respondents are not required to retain copies of information submitted to the Department of the Interior but will probably maintain copies for their own use. No periodic reports are required.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

Privacy Act of 1974, as Amended; Amendment of an Existing System of Records

AGENCY: Bureau of Land Management, Interior.

ACTION: Proposed amendment of an existing system of records.

SUMMARY: Under the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Office of the Secretary is issuing public notice of our intent to amend the existing Privacy Act system of records entitled, LLM-2 "Range Management System." The system notice is published in its entirety below. Editorial changes have been made to "Categories of individuals covered by the system" and "Categories of Records in the System" to clarify who is covered and the type of information in the system.

Under "Routine Uses," there are changes in the provisions for "Disclosures outside the Department of the Interior."

Changes are also made to the "Record access procedures" and "Retention and disposal" under "Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system."

The Department of the Interior is issuing public notice of its intent to amend portions of an existing Privacy Act system of records subject to the Privacy Act of 1974 (5 U.S.C. 552a). This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of amendment of an existing records system maintained by the agency (5 U.S.C. 552a(e)(4)).

DATES: 5 U.S.C. 552a(e)(11) requires that the public be provided a 30-day period in which to comment on the agency's intended use of the information in the system of records. The Office of Management and Budget, in its Circular A-130, requires an additional 10-day period (for a total of 40 days) in which to make these comments. Any persons interested in commenting on this proposed amendment may do so by submitting comments in writing to the Privacy Act Officer, Bureau of Land Management, U.S. Department of the Interior, 1849 C Street, NW., Washington, DC 20240. Comments received within 40 days of publication in the **Federal Register** will be considered. The system will be effective as proposed at the end of the comment period unless comments are received that would require a contrary

determination. The Department will publish a revised notice if changes are made based upon a review of comments received.

FOR FURTHER INFORMATION CONTACT:

Robert Roudabush, Acting Division Chief, Rangeland Resources Division, 1849 C St., NW., Room 201 LS, Washington, DC 20240, phone number 202-785-6569, or e-mail Rob.Roudabush@blm.gov

SUPPLEMENTARY INFORMATION: The intent of amending this system notice is to align the LLM-2 system more closely with the mission of the BLM Rangeland Management Program, to address administrative changes and the current needs of the bureau, and to correct minor typographical errors. The following changes are being proposed to LLM-2.

The BLM is updating this system notice to delete the overly broad language of a Routine Use disclosure to certain members of the general public. BLM is further rewriting Routine Use (2) to assist Federal, State and local agencies to better manage their activities related to grazing programs.

Under "Categories of individuals covered by the system," "Individuals owning grazing leases and permits issued by BLM" is changed to "Individuals to whom BLM issues grazing leases and permits."

The "Categories of Records in the System" has been rewritten to clarify the types of information in the system and to make explicit that both paper and electronic records are included.

Routine Uses have been renumbered to reflect the deletion of one Routine Use.

A previous Routine Use that stated that the records would be released "to a member of the general public in response to a specific request for pertinent information," did not provide a discernable standard for determining the scope of the Routine Use.

Routine Use (2) has been revised to provide for release of information from the system to Federal, State and local agencies to enable them to adequately manage their activities relating to the BLM's grazing program. The changes to this Routine Use will assist in the efficient administration of Federal, State and local activities related to the BLM grazing program and is therefore compatible with the purpose for which we collected the information.

Under "Retention and disposal," we have updated the BLM manual section reference to the current manual section.

Under "Records Access Procedures," we have deleted the phrase "as specifically as possible." The Access
