

the California Department of Transportation (Caltrans) assumed environmental responsibilities for this project pursuant to 23 U.S.C. 327. Caltrans prepared an Environmental Assessment on a proposal for a highway and intersection improvement project in Napa and Solano Counties, California.

The proposed project would widen the two-lane, conventional highway, State Route 12—from east of the city of Napa, in Napa County to near Red Top Road, west of the city of Fairfield, in Solano County—to four lanes (a distance of 5.7 miles) and convert its western terminus into an interchange. The State Route 12 widening portion of the project is between kilo post 0.0 and R4.2 (post miles 0.0 and R2.6) in Solano County, and between kilo post 0.4 and 5.3 (post mile 0.2 and 3.3) in Napa County. The interchange portion of the project is in Napa County between kilo post 0.0 and 0.4 (post mile 0.0 and 0.2) on State Route 12 and between kilo post 6.7 and 8.7 (post mile 4.2 and 5.4) on State Route 29. The project had two build alternatives pertaining to the design—tight diamond or single point urban-of the State Routes 29/12 interchange and a No Build alternative. The anticipated permits include:

Section 7 Incidental Take Statement for the California red-legged frog (from the U.S. Fish and Wildlife Service) under the Federal Endangered Species Act).

401 Water Quality Certification (from the Regional Water Quality Control Board) under section 401 of the Clean Water Act).

404 Individual Permit (from the U.S. Army Corps of Engineers) under section 404 of the Clean Water Act).

Public meeting(s) were held in Fairfield on September 13, 2007 and Napa on September 14, 2007. The Environmental Assessment, Finding of No Significant Impact, which were approved on January 31, 2008, and other documents are available for public and agency review at the Caltrans. Address provided above.

Please refer to the assigned OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

1200 New Jersey Ave., SE., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6139). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding (i) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information

technology (e.g., permitting electronic submission of responses). *See* 44 U.S.C. 3506(c)(2)(A)(I)-(iv); 5 CFR 1320.8(d)(1)(I)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) Reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. *See* 44 U.S.C. 3501.

Below is a brief summary of the currently approved information collection activities that FRA will submit for clearance by OMB as required under the PRA:

Title: Solicitation of Applications and Notice of Funds Availability for the Capital Assistance to States—Intercity Rail Service Program.

OMB Control Number: 2130-0575.

Abstract: On December 16, 2007, President Bush signed Public Law 110-161, The Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2008. As part of this Act, Congress provided \$30 million to FRA to award in one or more grants for eligible projects related to capital improvements (fixed facilities

and rolling stock) necessary to support improved or new intercity passenger services, and planning activities that lead to the development of a passenger rail corridor investment plan. Funds provided under this grant program may constitute no more than 50 percent of the total cost of a selected project, with the remaining cost funded from other sources. The funding provided under these grants will be made available to grantees on a reimbursement basis.

FRA anticipates awarding grants to multiple eligible participants. FRA may choose to award a grant or grants within the available funds in any amount. Funding made available through grants provided under this program, together with funding from other sources that is committed by a grantee as part of a grant agreement, must be sufficient to complete the funded project and achieve the anticipated improvement to intercity passenger rail service. FRA will begin accepting grant applications on Monday, March 18, 2008.

Applications may be submitted until the earlier of Wednesday, September 30, 2009, or the date on which all available funds will have been committed under this program.
