

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. IN06-3-003]

Energy Transfer Partners, L.P., Energy Transfer Company, ETC Marketing Ltd., Houston Pipeline Company, Oasis Pipeline, L.P., Oasis Pipeline Company Texas, L.P., ETC Texas Pipeline Ltd., Oasis Division; Supplemental Notice of Designation of Commission Staff

March 3, 2008.

On December 20, 2007, a notice was issued designating the staff of the Office of Enforcement as non-decisional in deliberations by the Commission in this docket, with certain limited exceptions. Exceptions to this designation are the Director of the Office of Enforcement and the Directors of the Divisions of Investigations, Energy Market Oversight, Audits, and Financial Regulation in the Office of Enforcement. This supplemental notice designates Shauna Coleman, an attorney in the Division of Investigations, Office of Enforcement, as an exception to the designation of the staff of the Office of Enforcement as non-decisional. Ms. Coleman joined the Commission after the December 27, 2007 notice was issued and did not participate in the investigation at issue in this proceeding.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2004-0228; FRL-8540-9]

Agency Information Collection Activities; Proposed Collection; Comment Request; Reporting and Recordkeeping Activities Associated With EPA's PFC Reduction/Climate Partnership for the Semiconductor Industry EPA ICR No. 1823.03, OMB Control No. 2060-0382

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on March 31,

2008. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before May 12, 2008.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2004-0228 by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.
- *E-mail:* a-and-r-Docket@epa.gov
- *Fax:* 202 566-9744
- *Mail:* Docket ID No. EPA-HQ-OAR-2004-0228, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460
- *Hand Delivery:* EPA Docket Center, 1301 Constitution Ave. NW., Room 3334, Washington, DC 20460 (Attention Docket EPA-HQ-OAR-2004-0082). Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2004-0228. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of

special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT:

Scott Bartos, Office of Atmospheric Programs, Climate Change Division, 6207J, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 202 343-9167; fax number: 202 343-2202; e-mail address: bartos.scott@epa.gov.

SUPPLEMENTARY INFORMATION:**How Can I Access the Docket and/or Submit Comments?**

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2004-0228, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW, Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air and Radiation Docket is 202-566-1742.

Use <http://www.regulations.gov> to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

In What Information Is EPA Particularly Interested?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

To What Information Collection Activity or ICR Does This Apply?

[Docket ID No. EPA-HQ-OAR-2004-0228]

Affected entities: Entities potentially affected by this action are manufacturers of semiconductors and related devices.

Title: Reporting and Recordkeeping Activities Associated with EPA's PFC Reduction/Climate Partnership for the Semiconductor Industry.

ICR numbers: EPA ICR No. 1823.03, OMB Control No. 2060-0382.

ICR status: This ICR is currently scheduled to expire on 3/31/2008. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA

regulations is consolidated in 40 CFR part 9.

Abstract: The U.S. EPA's Office of Atmospheric Programs launched the PFC Reduction/Climate Partnership for the Semiconductor Industry in 1996. Perfluorinated compounds (PFCs) are the most potent greenhouse gases known with atmospheric lifetimes of up to 50,000 years. These unique chemical compounds are required during two critical manufacturing steps; plasma etching and CVD chamber cleaning. EPA's partnership uses a pollution prevention approach to reduce greenhouse gas emissions and tracks progress by collecting annual PFC emissions estimates from voluntary participants.

EPA's semiconductor industry partners share information on technically feasible emission reduction strategies and EPA recognizes companies for their success in reducing PFC emissions through certificates, awards, and assistance in communicating their achievements with the public. In 2003, EPA's semiconductor industry partners were recognized for their commitment and ongoing efforts to protect the climate as participants in the White House's Climate VISION initiative. All semiconductor manufacturers operating in the U.S. are invited to join the partnership. Participation in the program begins by completing a Memorandum of Understanding that defines a voluntary agreement between the company and EPA. By joining the partnership, a company agrees to estimate and report its annual PFC emissions to EPA. A designated third party assembles the reported data and protects any confidential or sensitive information prior to EPA review. The partner companies' annual reports will provide an estimate of total PFC emissions and a description of the estimating method. The partnership will track progress as a group using the aggregate annual PFC emissions estimate.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 544 hours per participant. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information;

adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 21.

Frequency of response: Annual emissions reporting.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 11,426 hours.

Average annual burden hours per participant: 544 hours.

Estimated total annual costs: \$1,054,780. This includes an estimated burden cost of \$938,461 and an estimated cost of \$116,319 for capital investment or maintenance and operational costs.

Are There Changes in the Estimates From the Last Approval?

There is no change in the total estimated respondent burden hours compared with that identified in the ICR currently approved by OMB. The estimated annual burden cost has increased by \$98,997 reflecting updated labor compensation rates from the U.S. Department of Labor.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: March 5, 2008.

Dina Kruger,

Director, Climate Change Division.
