SUPPLEMENTARY INFORMATION:

Background

Each year, semiannually, cable systems must submit royalty payments to the Copyright Office as required by the cable statutory license for the privilege of retransmitting over-the-air television and radio broadcast signals. 17 U.S.C. 111. These royalties are then distributed to copyright owners whose works were included in such retransmissions and who timely filed a claim for royalties. Distribution of the royalties for each calendar year are determined by the Copyright Royalty Judges ("Judges") in two phases. At Phase I, the royalties are divided among the representatives of the major categories of copyrightable content (movies, sports programming, music, etc.) requesting the distribution. At Phase II, the royalties are divided among the various copyright owners within each category.

This Notice announcing the commencement of a proceeding under 17 U.S.C. 803(b)(1) for distribution of cable royalties collected for 2000, 2001, 2002, and 2003 is confined to Phase I.

Commencement of Phase I Proceeding

Consistent with 17 U.S.C. 804(b)(8), the Copyright Royalty Judges determine that a Phase I controversy exists as to the distribution of the 2000, 2001, 2002, and 2003 cable royalties. We reach this determination, in this instance, for two reasons. First, several interested parties have represented to us that a Phase I controversy exists for these years. *See, e.g.,* comments filed by the following parties on September 19, 2007 in Docket No. 2005-3 CRB CD 2003:¹ the National Association of Broadcasters, the Joint Sports Claimants, Devotional Claimants, Canadian Claimants Group, Public Television Claimants. Second, to date we have not received notification that any settlements have been reached for any of these years, nor have we received motions for final distribution.

The Judges are consolidating the 2000, 2001, 2002 and 2003 royalty years into a single proceeding. Several parties

¹ For the reasons discussed herein, the Copyright Royalty Judges are consolidating the 2000, 2001, 2002 and 2003 royalty years into a single proceeding. Therefore, from this point forward, any issues regarding the distribution of the 2003 cable royalty funds should be captioned under the consolidated docket, Docket No. 2008-2 CRB CD 2000-2003.

have informed the Judges that each of these years involves the same single issue regarding the claim of the Canadian Claimants and therefore favor consolidation of these years into one proceeding. *Id.* Moreover, consolidation allows for resolution of this issue in the most administratively efficient manner.

Petitions To Participate

Petitions to Participate must be filed in accordance with the § 351.1(b) of the Judge's regulations. *See* 37 CFR 351.1(b). Petitions to Participate submitted by interested parties whose claims do not exceed \$1,000² must contain a statement that the party will not seek a distribution of more than \$1,000. No filing fee is required for these parties. We note, however, that interested parties with claims exceeding one thousand dollars (\$1,000) must submit a filing fee of one hundred and fifty dollars (\$150) with their Petition to Participate or it will be rejected. Cash will not be accepted; therefore, parties must pay the filing fee with a check or money order made payable to the "Copyright Royalty Board." If a check is returned for lack of sufficient funds, the corresponding Petition to Participate will be dismissed.

Further procedural matters, including scheduling, will be addressed after Petitions to Participate have been received.

Note that in accordance with 37 CFR 350.2 (Representation), only attorneys who are members of the bar in one or more states and in good standing will be allowed to represent parties before the Copyright Royalty Judges, unless the party is an individual who represents herself or himself.

Dated: March 27, 2008.

James Scott Sledge,

Chief Copyright Royalty Judge.

BILLING CODE 1410-72-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA)

publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before May 2, 2008. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means: Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001. E-mail: requestschedules@nara.gov. FAX: 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Laurence Brewer, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1539. E-mail: records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for

Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.

Schedules Pending
