Establishment of Class D Airspace; Sherman, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action will establish Class D airspace at Sherman, Texas. Establishment of an Air Traffic Control Tower at Sherman/Denison, Grayson County Airport, has made this action necessary for the safety and management of Instrument Flight Rules (IFR) aircraft operations at Sherman/Denison, Grayson County Airport, Sherman, Texas.

DATES: *Effective Date:* 0901 UTC, June 5, 2008. The Director of the Federal Register approves this incorporation by reference action under 1 CFR, Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Gary Mallett, Central Service Center, System Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76193–0530; telephone (817) 222–4949.

SUPPLEMENTARY INFORMATION:

History

On December 18, 2007, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish Class D airspace at Sherman, TX (72 FR 71607). This action would improve the safety of IFR aircraft at Sherman/Denison, Grayson County Airport, Sherman, TX. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class D airspace designations are published in paragraph 5000 of FAA Order 7400.9R signed August 15, 2007, and effective September 15, 2007, which is incorporated by reference in 14 CFR, Part 71.1. The Class D airspace

designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR), part 71, by establishing Class D airspace extending upward from the surface to and including 3,300 feet Mean Sea Level (MSL) within a 5-mile radius of Sherman/Denison, Grayson County Airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Sherman/Denison, Grayson County Airport, Sherman, TX.
