Household Utilities, Inc., Kiel, WI; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated April 7, 2008, a petitioner requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) applicable to workers and former workers of the subject firm. The determination was issued on March 5, 2008. The Notice of determination was published in the **Federal Register** on March 21, 2008 (73 FR 15218).

The determination was based on the Department's findings that sales and production of industrial parts, medical carts and medical cabinets increased in 2007 as compared to 2006 and no shift in production to a foreign source occurred.

The request for reconsideration alleges that sales and production decreased in January, 2008 and customers of the subject firm shifted production abroad.

The Department has carefully reviewed the request for reconsideration and will investigate the period of time as defined by the petitioner which is under the relevant period of the investigation.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 17th day of April 2008.

Elliott S. Kushner,
*Certifying Officer, Division of Trade
Adjustment Assistance.*

[TA-W-62,393]

**American Axle & Manufacturing,
Buffalo Gear and Axle Facility,
Including On-Site Leased Workers
From Henkel Corporation, Buffalo, NY;
Amended Certification Regarding
Eligibility To Apply for Worker
Adjustment Assistance and Alternative
Trade Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and

Alternative Trade Adjustment Assistance on November 21, 2007, applicable to workers of American Axle & Manufacturing, Buffalo Gear and Axle Facility, Buffalo, New York. The notice was published in the **Federal Register** on December 10, 2007 (72 FR 69710).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of rear axle and steering linkage assemblies.

New information shows that leased workers of Henkel Corporation were employed on-site at the Buffalo, New York location of American Axle & Manufacturing, Buffalo Gear and Axle Facility. The Department has determined that these workers were sufficiently under the control of the subject firm to be considered leased workers.

Based on these findings, the Department is amending this certification to include leased workers

of Henkel Corporation working on-site at the Buffalo, New York location of the subject firm.

The intent of the Department's certification is to include all workers employed at American Axle & Manufacturing, Buffalo Gear and Axle Facility, Buffalo, New York who were adversely-impacted by a shift in production of rear axle and steering linkage assemblies to Canada and Mexico.

The amended notice applicable to TA-W-62,393 is hereby issued as follows:

All workers of American Axle & Manufacturing, Buffalo Gear and Axle Facility, including on-site leased workers from Henkel Corporation, Buffalo, New York, who became totally or partially separated from employment on or after October 18, 2006, through November 21, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.
