Notice of Lodging of Second Amendment to a Consent Decree Under the Clean Air Act

Notice is hereby given that a proposed Second Amendment (Second Amendment) to the Consent Decree previously entered in *United States v. Tampa Electric Co.*, Civil Action No. 99-2524-T-23F, was lodged with the United States District Court for Middle District of Florida.

In this action the United States alleged that Tampa Electric failed to comply with the requirements of the Clean Air Act at two coal-fired electric generating plants, known as Big Bend and Gannon Stations. These violations allegedly arose from the company's failing to seek permits prior to making major modifications to parts of these facilities and by failing to install appropriate pollution control devices to reduce emissions of air pollutants from those facilities. Those two stations are located in Hillsborough County, Florida, near the City of Tampa. (Gannon Station also is now known as Bayside Station.)

The civil action was resolved in October 2000, through a Consent Decree entered by the District Court; that Decree was amended by consent of the parties in 2001; that amendment also was entered as an order of the District Court.

The Second Amendment, proposed here, would make a number of adjustments to the extant Consent Decree and would resolve some disputes between the parties; in sum, the Second Amendment would: (1) Adopt a method of measuring certain emissions of oxides of nitrogen—an air pollutant—more in line with the method used for measuring that pollutant in subsequent consent decrees which the United States entered into with owners and operators of other coal-fired electric generating units; (2) resolve a dispute between the parties involving operation of continuous emissions monitors for the pollutant known as particulate matter; (3) set for certain units the emission rate for oxides of nitrogen, within the range of rates established for those units under the original Decree; and (4) explain further the treatment given under Decree to certain allowances that may relate to the emissions of oxides of nitrogen.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Second Amendment. Comments should be addressed to the Assistant Attorney General,

Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 and should refer to *United States v. Tampa Electric Co.*, D.J. Ref. 90-5-2-1-06932.

The Second Amendment may be examined at the Office of the United States Attorney, Middle District of Florida, 400 North Tampa Street, Suite 3200, Tampa, Florida 33602, and at U.S. EPA Region 4, Office of Regional Counsel, 61 Forsyth Street, SW., Atlanta, Georgia 30303. During the public comment period, the Second Amendment may also be examined on the following Department of Justice Web site, http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Second Amendment may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), facsimile No. (202) 514-0097, telephone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$3.75 (25 cents per page reproduction cost) payable to the U.S. Treasury or, if by e-mail or facsimile, forward a check in that amount to the Consent Decree Library at the stated address.

DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-62,659]

Richloom Home Fashions Division of Richloom Fabrics Corporation Clinton, SC; Notice of Affirmative Determination Regarding Application for Reconsideration

By applications postmarked March 6, 2008, a petitioner requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The denial notice was signed on February 22, 2008 and

published in the **Federal Register** on March 7, 2008 (73 FR 12466).

The initial investigation resulted in a negative determination based on the finding that the worker group does not produce an article within the meaning of Section 222 of the Trade Act of 1974.

In the request for reconsideration, the petitioner provided additional information regarding the production of samples by the subject firm and requested that the Department conduct further investigation of the Sample Department.

The Department has carefully reviewed the request for reconsideration and the existing record and determined that the Department will conduct further investigation to determine if the Sample Department workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed in Washington, DC, this 27th day of March, 2008.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

SUPPLEMENTARY INFORMATION:

I. Background

Section 192 of the Workforce Investment Act (Pub. L. 105-220, August 7, 1998) permits States to apply for a workforce flexibility (Work-Flex) waiver authority to implement reforms to their workforce investment systems in exchange for program improvements. The Act provides that the Secretary may grant Work-Flex waiver authority for a period of up to five years pursuant to a Work-Flex Plan submitted by a State. Under Work-Flex, Governors are granted the authority to approve requests submitted by their local areas to waive certain statutory and regulatory provisions of WIA Title I programs. States may also request from the Secretary waivers of certain requirements of the Wagner-Peyser Act (Sections 8-10) and certain provisions of the Older Americans Act applicable to State agencies that administer the Senior Community Service Employment Program (SCSEP). The intent of the Work-Flex provision is to authorize States and Local Areas the operational flexibility they need to improve employment and training productivity for adult, dislocated, and youth populations.
