Privacy Act of 1974; System of Records

AGENCY: Department of Commerce.

ACTION: Notice of a new Privacy Act System of Records: COMMERCE/NOAA-20, Search and Rescue Satellite Aided Tracking (SARSAT) 406 MHz Emergency Beacon Registration Database.

SUMMARY: The Search and Rescue Satellite Aided Tracking (SARSAT) is responsible for keeping and maintaining a registration database for 406 MHz emergency beacons as directed by the Federal Communications Commission (FCC). This database contains personally identifiable information that is required to be protected by the Privacy Act. The purpose for this system of records is to provide search and rescue (SAR) authorities with information about the user of the beacon such as the name, phone number, and emergency contact information. This information allows SAR authorities to shorten response times, and provides a way to cancel false alerts quickly and safely, thereby increasing safety for SAR authorities and decreasing costs to the government and the SAR system.

DATES: The system of records becomes effective on June 6, 2008.

ADDRESSES: For a copy of the system of records please mail requests to LT Jeffrey Shoup, SARSAT Operations Support Officer, 4231 Suitland Road, Suitland, MD 20746-4304.

FOR FURTHER INFORMATION CONTACT: LT Jeffrey Shoup, SARSAT Operations Support Officer, 4231 Suitland Road, Suitland, MD 20746-4304, 301-817-3806.

Freshwater Crawfish Tail Meat from the People's Republic of China: Notice of Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 6, 2008.

FOR FURTHER INFORMATION CONTACT:

Dmitry Vladimirov or Mino Hatten, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0665 or (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 31, 2007, the Department published a notice of initiation of administrative review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China (PRC). See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 72 FR 61621 (October 31, 2007). The period of review is September 1, 2006, through August 31, 2007. The preliminary results of the administrative review are currently due no later than June 1, 2008.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows

the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of the review within the current time limit because we require additional time to analyze several complex sales-reporting issues. Therefore, we are extending the time period for issuing the preliminary results of the review by 60 days until July 31, 2008. The deadline for the final results of the review continues to be 120 days after the publication of the preliminary results.

This extension notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i) of the Act and 19 CFR 351.213(h)(2).

Dated: May 30, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

See *Stainless Steel Bar from France: Preliminary Results of Antidumping Duty Administrative Review*, 73 FR 16839 (March 31, 2008) (*Preliminary Results*). We invited interested parties to comment on the preliminary results of review. No interested party submitted comments. We have conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

For purposes of this order, the term "stainless steel bar" (SSB) includes articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons, or other convex polygons. SSB includes cold-finished stainless steel bars that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (*i.e.*, cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), products that have been cut from stainless steel sheet, strip or plate, wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to this order is currently classifiable under subheadings 7222.11.00.05, 7222.11.00.50, 7222.19.00.05, 7222.19.00.50, 7222.20.00.05, 7222.20.00.45, 7222.20.00.75, and 7222.30.00.00 of the *Harmonized Tariff Schedule of the United States* (HTSUS).
