

product or a major news announcement or corporate event). Upon cessation of the exceptional circumstances, the OAESC, in its discretion, may determine to reduce the MNQ, provided, however, that any reduction must be undertaken in accordance with the procedure established in the Rule 507.

The effect of an increase in the MNQ is procompetitive in that it increases the number of market participants that may quote electronically in a product. The purpose of this filing is to increase the MNQ for options overlying GLD, which is a new product in which the Exchange expects substantial trading volume.

The Exchange proposes to increase the MNQ in GLD options from 12 quoters, the MNQ applicable to new products with no "track record" sufficient to determine whether such product falls within the top 5% most actively traded options, to 22 quoters, based on the Exchange's belief that options overlying GLD will eventually fall within this category.

Increasing the MNQ in GLD options will enable the Exchange to enhance the liquidity offered, thereby offering deeper and more liquid markets. The Exchange represents that it will comply with all of the requirements of Exchange Rule 507 in increasing the MNQ in GLD options and, if it determines subsequently to reduce such MNQ, in reducing the MNQ in GLD options. Changes to the MNQ will be announced to the membership via Exchange Circular.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by adding depth and liquidity to the Exchange's markets in GLD options.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change will take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)(i) of the Act⁹ and Rule 19b-4(f)(1) thereunder,¹⁰ because it constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Phlx.
