Bureau of Land Management

[WY-100-2008-1310-DJ]

Notice of Extension of the Call for Nominations for the Pinedale Anticline Working Group and Task Groups (PAWG)

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Extension of the Call for Nominations for the Pinedale Anticline Working Group and Task Groups (PAWG).

SUMMARY: The Bureau of Land Management (BLM) is extending the call for nominations for six membership positions on the PAWG. The original notice calling for nominations was published in the **Federal Register** on May 21, 2008 [73 FR 29532]. The original deadline for the call for nominations was June 20, 2008, 30 days from the publication of the original notice. The purpose of the Working Group and Task Groups will be to advise the BLM, Pinedale Field Office Manager, regarding recommendations on matters pertinent to the BLM's responsibilities related to the Pinedale Anticline Environmental Impact Statement and Record of Decision.

DATES: Submit a completed nomination form and nomination letters no later than July 20, 2008.

FOR FURTHER INFORMATION CONTACT: Lauren McKeever, PAWG Coordinator, Bureau of Land Management, Pinedale Field Office, 1625 West Pine Street, P.O. Box 768, Pinedale, Wyoming 82941, Phone: (307) 367-5352.

Dated: June 20, 2008.

Jamie E. Connell,

Acting Associate State Director.

Notice of Shooting, Glass Container, and Vehicle Parking Closure; La Cienega Area of Critical Environmental Concern, Santa Fe County, NM

AGENCY: Bureau of Land Management (BLM), DOI.

ACTION: Notice of Emergency Shooting, Glass Container, and Vehicle Closure at La Cienega Area of Critical Environmental Concern (ACEC), Santa Fe County, New Mexico.

SUMMARY: This notice places restrictions on shooting, with the exception of valid legal hunting approved by New Mexico Game and Fish Department, the possession of glass containers on specific public lands administered by the BLM Taos Field Office in Santa Fe County, New Mexico; an area of approximately 530 acres referred to as the La Cienega ACEC. This action is necessary to halt ongoing impacts and prevent future degradation of cultural resources and protect the public safety of users on the public lands; pending revision of the Resource Management Plan (RMP) for this area administered by the BLM Taos Field Office.

DATES: This notice is effective July 1, 2008, and shall remain in effect until modified or the RMP is revised.

FOR FURTHER INFORMATION CONTACT: Sam DesGeorges, Taos Field Manager, BLM Taos Field Office, 226 Cruz Alta Road, Taos, New Mexico 87571, telephone 575-758-8851.

SUPPLEMENTARY INFORMATION: The Taos RMP (1988, as amended) identified La Cienega ACEC, which included La Cieneguilla Petroglyph Site. In 2004, the Galisteo Basin Archaeological Sites Protection Act became public law (Public Law 108-208—March 19, 2004) and included La Cieneguilla Petroglyph site. This Act's purpose is to "provide for the preservation, protection, and interpretation of these nationally significant archaeological resources."

La Cieneguilla Petroglyph site has received damage by deliberate shooting of petroglyphs and some inadvertent damage by the shooting of clay pigeons with shotguns on the mesa/canyon rims. Target shooting in the immediate vicinity, using rock or vegetation as the only backdrop, is causing an immediate threat to public safety. A highway, parking area for La Cieneguilla Petroglyph site, hiking paths, two-track vehicle routes, and nearby residences are subject to stray or ricocheting

bullets, some of which can carry up to two or more miles in distance. In addition, trash accumulation from items being used as targets (television sets, household items, etc.) and spent brass and shotgun shells are impacting these public lands.

Glass containers are a problem in this area, both as a littering problem and a safety problem. La Cieneguilla Petroglyph site is located along a volcanic cliff wall with large boulders at the cliff base. Glass containers inadvertently break by accidentally being dropped. The majority of glass containers are purposely thrown onto the rocks or used as targets for firearms. The broken glass adversely affects public use of this area, detracting from the petroglyphs. Additionally, the broken glass is a hazard to vehicles, domestic animals, and wildlife.

Use and visitation of La Cieneguilla Petroglyph site has significantly increased after passage of the Galisteo Basin Archaeological Sites Protection Act. Educational field trips, including public schools and museums, are common place as well as the general public interested in this nationally recognized petroglyph site.

The BLM recently constructed a parking area for access to La Cieneguilla Petroglyph Site along Santa Fe County Road 56 (Paseo Real). This closure order prohibits parking on BLM-administered lands along Via de los Romero, immediately adjacent to La Cieneguilla Petroglyph Site, to encourage visitors to use one preferred access trail from the BLM parking area.

Shooting is defined in this order as the discharging of any projectile by means including, but not limited to, firearms (including rifle, shotgun, handgun, BB-gun, pellet gun, etc.), bows, cross bows, paintball guns, or sling-shot type devices.

This closure is in accordance with the provisions of the Federal Land Policy and Management Act of 1976 (Public Law 94-579, 90 stat. 2743, 43 U.S.C. 1701) and Title 43, Subpart 8364.1 of the U.S. Code of Federal Regulations (CFR). Maximum penalties are \$1,000.00 fine and/or 12 months in prison.

Maps depicting the area affected by this closure are available for public inspection at the BLM Taos Field Office, 226 Cruz Alta Road, Taos, New Mexico, and the New Mexico BLM State Office, 1474 Rodeo Road, Santa Fe, New Mexico.

Dated: June 18, 2008.

Sam DesGeorges,

Taos Field Manager.

BILLING CODE 4310-OW-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1131-1134 (Final)]

Polyethylene Terephthalate Film, Sheet, and Strip From Brazil, China, Thailand, and the United Arab Emirates

AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of antidumping investigations.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping investigation Nos. 731-TA-1131-1134 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from Brazil, China, Thailand, and the United Arab Emirates of polyethylene terephthalate film, sheet, and strip, provided for in statistical reporting number 3920.62.00.90 of the Harmonized Tariff Schedule of the United States.¹

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

EFFECTIVE DATE: May 5, 2008.

FOR FURTHER INFORMATION CONTACT: Cynthia Trainor (202-205-3354), Office of Investigations, U.S. International

Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that imports of polyethylene terephthalate film, sheet, and strip from Brazil, China, and the United Arab Emirates are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on September 28, 2007, by DuPont Teijin Films, Hopewell, VA; Mitsubishi Polyester Film of America, Greer, SC; SKC America, Inc., Covington, GA; and Toray Plastics (America), Inc., North Kingston, RI.

Although the Department of Commerce has preliminarily determined that imports of polyethylene terephthalate film, sheet, and strip from Thailand are not being and are not likely to be sold in the United States at less than fair value, for purposes of efficiency the Commission hereby waives rule 207.21(b)² so that the final phase of the investigations may proceed concurrently in the event that Commerce makes a final affirmative determination with respect to such imports.

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A

party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on September 5, 2008, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on September 18, 2008, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before September 11, 2008. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on September 15, 2008, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission.

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as:

"All gauges of raw, pre-treated, or primed PET film, whether extruded or co-extruded. Excluded are metallized films and other finished films that have had at least one of its surfaces modified by the application of a performance-enhancing resinous or inorganic layer more than 0.00001 inches thick. Also excluded is Roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. PET film is classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and purposes of Customs and Border Protection (CBP), our written description of the scope of these investigations is dispositive."

² Section 207.21(b) of the Commission's rules provides that, where the Department of Commerce has issued a negative preliminary determination, the Commission will publish a Final Phase Notice of Scheduling upon receipt of an affirmative final determination from Commerce.
