##### Agency Information Collection Request; 30-Day Public Comment Request, Grants

**AGENCY:** Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a

proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden. To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to [Sherette.funncoleman@hhs.gov](mailto:Sherette.funncoleman@hhs.gov), or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collection must be received with 30 days of this notice directly to

the OS OMB Desk Officer. All comments must be faxed to OMB at 202-395-6974.

**Title:** SF-424 Project/Performance Site Location(s)—OMB No. 4040—New—Grants.gov.

**Proposed Project:** The SF-424 Project/Performance Site Location(s) form is a new form based on the Research & Related Project/Performance Site Location(s) form currently in use with the SF-424 (R&R) family (OMB No. 4040-0001). The new form will be used to meet the requirements of the Federal Funding Accountability and Transparency Act (FFATA) (P.L. 109-282). FFATA requires the Office of Management and Budget (OMB) to establish a publicly available, online database containing information about entities that receive Federal grants, loans, and contracts. The new form will assist agencies in collecting a unique recipient entity identification number, a required data element by FFATA. In addition, the form will be implemented as a required form within the following SF-424 4040 collections that have applications for federal assistance and

are cleared under the following OMB numbers: 4040-0001 (R & R); OMB No. 4040-0002 (Mandatory); 4040-0003 (Short Organizational); and 4040-0004 (Core).

The form will be optional for the OMB No. 4040-0005 (Individual)

collection. All SF-424 forms and data sets support the Federal Grants Streamlining Initiative (Pub. L. 106-107) by establishing consistency among Federal grant making agencies in their data collection processes. The revisions include removal of "Research &

Related" from the form title and addition of a mandatory DUNS number field in the primary and additional performance location sections. A 3-year clearance is requested. Frequency of data collection varies by Federal agency.

##### Grant Award to the University of Northern Colorado

**AGENCY:** Department of Health and Human Services, Office of the Secretary, Office of Public Health and Science, Office of Population Affairs.

**ACTION:** Notice.

*Authority:* Section 1004 of the Public Health Service (PHS) Act.

**SUMMARY:** This notice is to inform the public that the Office of Population Affairs (OPA) is awarding, in fiscal year 2008, \$50,000 to the University of Northern Colorado, under Title X of the PHS Act (42 U.S.C. 300, *et seq.*). This institution proposes to conduct research activities, authorized under section 1004 of the Act, which are relevant to the purposes of the statute. These purposes include research in the behavioral and program implementation fields related to family planning and population. The Title X research

program is described in the Catalog of Federal Domestic Assistance Number 93.974.

**DATES:** Effective date for the award is July 7, 2008.

**FOR FURTHER INFORMATION CONTACT:** If you have any questions please contact Patricia Thompson, PhD, Director of the Office of Research and Evaluation, Office of Population Affairs at *Patricia.Thompson@hhs.gov* or 240-453-2835.

**SUPPLEMENTARY INFORMATION:** An unsolicited research proposal developed by Lisa Rue, PhD, of the University of Northern Colorado was submitted to OPA in March 2008. Because the proposed plan anticipated surveying a sample of clients from Title X clinics, the application was considered for responsiveness to any current family planning research opportunities available at OPA. Because of the compelling nature of the research proposed, the OPA, in accordance with DHHS Grants Policy Directive 2.04, convened an ad hoc independent review panel to assess its technical merit. The proposal was reviewed according to the following criteria: Significance; scientific merit; feasibility and likelihood of producing meaningful results; competency of staff; and

adequacy of facilities and resources. The reviewers provided a global score that summarized their overall opinion of the proposal. Based on the findings and recommendations of the review panel, as well as the significance of the application's potential contribution to OPA's conceptual thinking, a grant award to the University of Northern Colorado is planned. The funded project will carry out measurement refinement and qualitative research to further develop a theoretical framework for distinguishing secondary and tertiary prevention of undesirable consequences of sexual activity. The focus will be on delineating the parameters of a viable secondary prevention population interested in reestablishing sexual boundaries after becoming sexually active as opposed to a tertiary prevention population treated only with contraceptive utilization interventions. The role of developmental stage will be given particular attention. A one-year project in the amount of \$50,000 is the anticipated award.

Dated: June 30, 2008.
