

Proposed Action, which are considered in the draft EIS. Under Alternative 1, the FAA would consider issuing a launch site operator license only for the operation of a launch site to support horizontal launches. This is considered a feasible alternative because a significant number of launches of horizontal LVs are projected, and most X Prize Cup activities would be located at the airfield.

Under Alternative 2, the FAA would consider issuing a launch site operator license only for the operation of a launch site to support vertical launches. This is considered a feasible alternative because a significant number of launches are projected to be of vertical LVs.

Under the No Action Alternative, the FAA would not issue a launch site operator license to the NMSA. Subsequently, the need to support commercial launches and host the X Prize Cup would not be met by the State of New Mexico.

Resource areas were considered to provide a context for understanding and assessing the potential environmental effects of the Proposed Action, with attention focused on key issues. The resource areas considered included compatible land use; Section 4(f) lands and farmlands; noise; visual resources and light emissions; historical, architectural, archaeological, and cultural resources; air quality; water quality, wetlands, wild and scenic rivers, coastal resources, and floodplains; fish, wildlife, and plants; hazardous materials, pollution prevention, and solid waste; socioeconomic, environmental justice, and children's environmental health and safety risks; and energy supply and natural resources. Construction impacts and secondary (induced) impacts are also considered. Additional analyses considered in the appendices include geology and soils; mineral resources; air space; health and safety; and transportation.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. PE-2008-25]

Petitions for Exemption; Summary of Petitions Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petitions for exemption received.

SUMMARY: This notice contains a summary of certain petitions seeking relief from specified requirements of 14 CFR. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of any petition or its final disposition.

DATES: Comments on petitions received must identify the petition docket number involved and must be received on or before July 21, 2008.

ADDRESSES: You may send comments identified by Docket Number FAA-2006-25466 using any of the following methods:

- *Government-wide Rulemaking Web Site:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.

- *Mail:* Send comments to the Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590.

- *Fax:* Fax comments to the Docket Management Facility at 202-493-2251.

- *Hand Delivery:* Bring comments to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- *Docket:* To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. Using the search function of our docket Web Site, anyone can find and read the comments received into any of our dockets, including the name

of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

FOR FURTHER INFORMATION CONTACT:

Tyneka Thomas (202) 267-7626 or Frances Shaver (202) 267-9681, Office of Rulemaking, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on July 2, 2008.

Pamela Hamilton-Powell,

Director, Office of Rulemaking.

Petitions for Exemption

Docket No.: FAA-2006-25466.

Petitioner: Southwest Airlines Co.

Section of 14 CFR Affected:

§§ 121.391(a) and 121.393(b).

Description of Relief Sought: To clarify or amend Southwest Airlines, Co. (Southwest), current Exemption No. 9382, which allows Southwest to substitute a pilot for one required flight attendant crewmember during boarding at an intermediate stop and to reduce the number of required flight attendants onboard during the deplaning of passengers at an intermediate stop. The clarification or amendment Southwest seeks would broaden the exemption to include all stops from the time the aircraft door is opened upon arrival at the gate until the door is closed prior to the next flight operation. Southwest also requests that the certificate holder may substitute for the required flight attendants other persons qualified in the emergency evacuation procedures for that aircraft as required in § 121.417, for all stops, if these persons are identified to the passengers.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

First Tier Environmental Impact Statement: Jackson County, MO

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that a First Tier Environmental Impact Statement (EIS) will be prepared for proposed improvements to I-70 from the end of the last ramp termini east of the Missouri and Kansas state line to east of

the I-470 interchange, including the entire Kansas City Downtown Central Business District (CBD) Freeway Loop, in Jackson County, Missouri.

FOR FURTHER INFORMATION CONTACT: Ms. Peggy J. Casey, Environmental Projects Engineer, FHWA Division Office, 3220 West Edgewood, Suite H, Jefferson City, MO 65109, Telephone: (573) 636-7104; or Mr. Kevin Keith, Chief Engineer, Missouri Department of Transportation, P.O. Box 270, Jefferson City, MO 65102, Telephone: (573) 751-2803.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Missouri Department of Transportation (MoDOT), will prepare a First Tier EIS to consider the impacts of improvements to I-70 from the end of the last ramp termini east of the Missouri and Kansas state line to east of the I-470 interchange, including the entire Kansas City downtown CBD freeway loop, in Jackson County, Missouri. The project length is approximately 18 miles (20 miles with freeway loop segments).

MoDOT, in partnership with Mid-America Regional Council (MARC), and the Kansas City Area Transportation Authority (KCATA), completed a Major Investment Study (MIS) for the I-70 corridor in Jackson County in November, 2004. The MIS evaluated the I-70 corridor in a general nature and recommended an improvement strategy that would reconstruct and widen the existing facility from Kansas City's downtown CBD freeway loop to the Route F/H interchange in Oak Grove, Missouri. This strategy also included redesigning access and interchanges for the entire CBD freeway loop.

FHWA and MoDOT are now preparing a First Tier EIS to develop an improvement strategy for the highway elements of the I-70 corridor, using the MIS Statement of Purpose and Need and Strategy Packages as the foundation. The First Tier EIS will coordinate with completed and ongoing studies. These studies include the I-70 Transit Alternatives Analysis; the Kansas City, Missouri's Downtown CBD Study; the I-29/I-35 Paseo Bridge Corridor EIS; the I-470 Purpose and Need study; and the I-70 Supplemental EIS study.

Strategies to be considered include (1) no build; (2) highway widening and interchange improvement strategies; and (3) transportation system management options. The First Tier EIS will seek to determine sections of independent utility over this 18-mile stretch of I-70 that will become the basis for second tier environmental studies (20 miles with the freeway loop segments).

The First Tier EIS will conform to the environmental review process as established in Section 6002 of the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU). The Section 6002 environmental review process requires the following activities: Identification and invitation of cooperating and participating agencies; establishment of a coordination plan; and opportunities for additional agency and public comment on the project's purpose and need, strategies, and methodologies for determining impacts.

As part of the scoping process, an interagency coordination meeting will be held with federal and state resource agencies and local agencies. In addition, informational meetings with the public and community representatives will be held to solicit input on the project. The Study Management Team from the I-70 MIS will be re-established and will consist of agency staff from MoDOT, MARC, KCAT, and other identified local participating agencies. A location public hearing will be held to present the findings of the Draft First Tier EIS. Public notice will be given announcing the time and place of all public meetings and the hearing. The Draft First Tier EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that the full range of issues related to this proposed action is addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments and questions concerning this proposed action and the First Tier EIS should be directed to the FHWA or MoDOT at the addresses provided above. Concerns in the study area include potential impacts to communities, cultural resources, and rivers.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on: June 27, 2008.

Peggy J. Casey,

Environmental Project Engineer, Jefferson City.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

Sunshine Act Meetings; Unified Carrier Registration Plan Board of Directors

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

TIME AND DATE: August 7, 2008, 12 noon to 3 p.m., Eastern Daylight Time.

PLACE: This meeting will take place telephonically. Any interested person may call Mr. Avelino Gutierrez at (505) 827-4565 to receive the toll free number and pass code needed to participate in these meetings by telephone.

STATUS: Open to the public.

MATTERS TO BE CONSIDERED: The Unified Carrier Registration Plan Board of Directors (the Board) will continue its work in developing and implementing the Unified Carrier Registration Plan and Agreement and to that end, may consider matters properly before the Board.

FOR FURTHER INFORMATION CONTACT: Mr. Avelino Gutierrez, Chair, Unified Carrier Registration Board of Directors at (505) 827-4565.

Dated: July 2, 2008.

William A. Quade,

Associate Administrator for Enforcement and Program Delivery.
