In accordance with section 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Please note that, for any party the Department was unable to locate in prior segments, the Department will not accept a request for an administrative review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The

public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration Web site at <http://ia.ita.doc.gov>.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified above, the Department intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POR. We intend to release the CBP data under Administrative Protective Order (APO) to all parties having an APO within five days of publication of the initiation notice and to make our decision regarding respondent selection within 20 days of publication of the initiation **Federal Register** notice. Therefore, we encourage all parties interested in commenting on respondent selection to submit their APO applications on the date of publication of the initiation notice, or as soon thereafter as possible. The Department invites comments regarding the CBP data and respondent selection within 10 calendar days of publication of the initiation **Federal Register** notice.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of July 2008. If the Department does not receive, by the last

day of July 2008, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the U.S. Customs and Border Protection to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: July 1, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Endangered Species; File Nos. 13306 and 13307

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of permits.

SUMMARY: Notice is hereby given that Karen Holloway-Adkins, East Coast Biologists, Inc., P.O. Box 33715, Indialantic, FL, 32903 (File No. 13306) and Kristen Hart, 3205 College Ave., Davie, FL, 33314 (File No. 13307) have been issued permits to take green (*Chelonia mydas*), loggerhead (*Caretta caretta*), and hawksbill (*Eretmochelys imbricata*) sea turtles for purposes of scientific research.

ADDRESSES: The permits and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521; and Southeast Region, NMFS, 263 13th Ave South, St. Petersburg, FL 33701; phone (727)824-5312; fax (727)824-5309.

FOR FURTHER INFORMATION CONTACT: Kate Swails or Patrick Opay, (301)713-2289.

SUPPLEMENTARY INFORMATION: On April 2, 2008, notice was published in the *Federal Register* (73 FR 17956) that a request for scientific research permits to take sea turtles had been submitted by the above-named individuals. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations

governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

File No. 13306: Ms. Holloway-Adkins will capture up to 60 green and 5 loggerhead sea turtles annually. The turtles will be weighed, measured, flipper tagged, Passive Integrated Transponder (PIT) tagged, and blood and tissue sampled. A subset of green turtles will be lavaged. The applicant will also conduct visual transect surveys. This research will characterize the turtle aggregation using the nearshore reef system of Brevard county, Florida as well as monitor the impact of local beach nourishment activities on the sea turtles and their habitat.

File No. 13307: Dr. Hart will capture up to 30 green, 20 hawksbill, and 20 loggerhead sea turtles annually. Turtles will be weighed, measured, flipper tagged, PIT tagged, blood sampled, tissue sampled, fecal sampled, and lavaged. A subset of turtles will be tagged with a satellite tag or acoustic transmitter or a combination of both. This research will address fine-scale temporal and spatial patterns of sea turtle habitat use, ecology, and genetic origin within the Dry Tortugas National Park.

Issuance of these permits, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: July 7, 2008.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Environmental Impact Statement for Amendment 30B

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice announcing the preparation of an environmental impact statement (EIS).

SUMMARY: NMFS, in cooperation with the Gulf of Mexico Fishery Management Council (Council), is preparing an EIS in accordance with the National Environmental Policy Act (NEPA) for Amendment 30B to the Fishery Management Plan (FMP) for the Reef Fish Resources of the Gulf of Mexico. This notice is intended to inform the public of the reconsideration from preparing an environmental assessment (EA) to preparing a draft EIS for Amendment 30B.

FOR FURTHER INFORMATION CONTACT:

Peter Hood; phone: (727) 824-5305; fax: (727) 824-5308; email:

Peter.Hood@noaa.gov.

SUPPLEMENTARY INFORMATION: On March 5, 2007 (72 FR 9734), NMFS and the Council published a Notice of Intent in the *Federal Register* to prepare a draft EIS and to announce scoping meetings regarding the actions proposed in Amendment 30. Amendment 30 was being developed to describe and analyze management alternatives to manage fishing mortality and to establish status criteria for greater amberjack, gray triggerfish, gag, and red grouper in accordance with the Magnuson-Stevens Fishery Conservation and Management Act. Recent stock assessments completed under the Southeast Data, Assessment, and Review program indicated that management changes were warranted for these stocks.

Based on comments received during the scoping process and further analyses needed for the gag and red grouper stock assessments, Amendment 30 was split into Amendments 30A and 30B. This allowed proposed actions to revise the greater amberjack rebuilding plan, end overfishing of gray triggerfish, and rebuild the gray triggerfish stock to proceed in Amendment 30A while the status of the gag and red grouper stocks were resolved. A supplemental EIS was prepared for Amendment 30A, in part, due to significant increases in the stock biomass of greater amberjack and gray triggerfish as the two species recover from their respective overfished states. A Notice of Availability for the final supplemental EIS analyzing impacts on the human environment for Amendment 30A was published in the *Federal Register* on April 18, 2008 (73 FR 21124).

Actions to be described and analyzed in Amendment 30B include: setting gag thresholds and benchmarks; establishing gag and red grouper total allowable catch (TAC), interim
