Proposed Collection; Proposed Revision of Approved Collection; Comment Request; Responsibility of Applicants for Promoting Objectivity in Research for Which Public Health Service Funding Is Sought, 42 CFR Part 50, Subpart F and for Responsible Prospective Contractors, 45 CFR Part 94

Summary: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the Office of the Director (OD), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of

Management and Budget (OMB) for review and approval.

Proposed Collection:

Title: Responsibility of Applicants for Promoting Objectivity in Research for which Public Health Service Funding is Sought and for Responsible Prospective Contractors, 42 CFR Part 50, Subpart F, and 45 CFR Part 94.

Type of Information Collection

Request: Revision of OMB No. 0925-0417, expiration date November 30, 2008.

Need and Use of the Information

Collection: This is a request for OMB Approval for the information collection and recordkeeping requirements contained in the final rule 42 CFR Part 50, Subpart F and related recordkeeping requirements regarding contractors in Responsible Prospective Contractors, 45 CFR Part 94. The purpose of these regulations is to promote objectivity in research by requiring institutions to establish standards to ensure that there

is no reasonable expectation that the design, conduct, or reporting of research will be biased by a conflicting financial interest of an investigator.

Frequency of Response: On occasion.

Affected Public: Individuals or households; business or other for-profit; not-for-profit institutions; State, Local or tribal government.

Type of Respondents: Any public or private entity or organization. The annual reporting burden is as follows:

Estimated Number of Respondents: 67,860;

Estimated Number of Responses Per Respondent: 1.60;

Averaged Burden Hours per Response: 3.40; and

Estimated Total Annual Burden Hours Requested: 220,280.

The annualized cost to the public is estimated at \$8,120,000.

Operating Costs and/or maintenance costs are \$4,633.00.

TABLE—ESTIMATES OF HOUR BURDEN

Type of respondents based on applicable section of regulation	Number of respondents	Frequency of response	Average burden hours per response	Annual hour burden
Reporting:				
Initial Reports under 42 CFR § 50.604(g)(2) or 45 CFR 94.4(g)(2) from Institutions	ⁱ 300	1	80	24000
Subsequent Reports under 42 CFR § 50.604(g)(2) or 45 CFR 94.4(g)(2) from Institutions	ⁱⁱ 40	1	2	80
Subsequent Reports under 42 CFR § 50.606(a) or 45 CFR 94.6 from Institutions	ⁱⁱⁱ 20	1	10	200
Recordkeeping: Under 42 CFR § 50.604(e) or 45 CFR 94.4(e)—Institutional files	^{iv} 25000	1	4	100000
Disclosure:				
Under 42 CFR § 50.604(a) or 45 CFR 94.4(a)—Institutions	^v 2800	1	20	56000
Under 42 CFR § 50.604(c) or 45 CFR 94.4(c)—Investigators	^{vi} 40000	1	1	40000
Totals	67860	220280

ⁱ Although not more than 300 reports of Financial Conflict of Interest are expected, the responding institutions will need to review all financial disclosures associated with PHS funding awards to determine whether any conflicts of interest exist. Thus, the total burden of 24,000 hours is based upon estimates that it will take on average 4/5 of an hour to review each of 30,000 financial disclosures associated with PHS funding awards. (30,000 × 48 (minutes per file) = 1,440,000 ÷ 60 minutes = 24,000 (total hours).

ⁱⁱ The burden for subsequent reports of conflicts (made during the 12-month period following the initial report) is significantly less, because we do not expect many additional reportable conflicts and there will be only a limited number of disclosures to review.

ⁱⁱⁱ This burden was originally estimated in the 1995 Final Rule to be no more than 5 instances that the failure of an investigator to comply with the institution's FCOI policy has biased the design, conduct or reporting of the research. "Objectivity in Research, Final Rule" 60 Fed. Reg. 132 (July 11, 1995) pps. 35810–35819. This burden estimate, and others, was increased in 2002 "due to increased numbers of institutions and investigators."

^{iv} Assumes 2500 institutions, 10 responses per year per institution.

^v Assumes 2500 institutions, 10 responses per year per institution.

^{vi} Assumes 2800 recipient institutions and 20 hours per institution informing each investigator of institutional policy.

^{vii} The financial disclosure burden estimate is based upon an investigator figure of 40,000 with an average response time of 1 hour. The estimated number of investigators has not changed since the 2002 Information Collection Request associated with the Final Rule. These estimates are for the burden imposed by disclosure, reporting and recordkeeping requirements. Not all activities of institutions related to FCOI result from regulations.
