

organizational structure and procedures. Firms that have certified on April 1 of each year could continue to do so on that date.

Third, Incorporated NYSE Rule 342.30 requires that the member submit its certification to the Exchange, whereas the NASD rule requires only that the certification be maintained for inspection. FINRA believes the submission of the certification creates an unnecessary—albeit small—additional burden on members with no attendant benefits to FINRA's examination program. Therefore, the proposed rule change would retain the NASD requirement that the certifications be kept for inspection by members.

Finally, while both rules permit designation of multiple CCOs subject to certain conditions, Incorporated NYSE Rule Interpretation 311(b)(5) requires Exchange approval of the allocation of supervisory responsibilities between those CCOs. By comparison, the NASD rules rely on the business judgment of the member and require only that the member define and document the areas of responsibility allocated to each CCO. FINRA believes the NASD approach is more appropriate, and therefore the proposed rule change would not adopt the approval requirement into the new rule in the Consolidated FINRA Rulebook.

The proposed rule change would replace NASD Rule 3013 and IM-3013 with a single rule that integrates the substance of the IM either as provisions in the new rule or as supplementary material.

As noted above, FINRA will announce the implementation date of the proposed rule change in a *Regulatory Notice* to be published no later than 60 days following Commission approval.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁵ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The rules being adopted as part of the Consolidated FINRA Rulebook previously have been found to meet the statutory requirements, and FINRA believes those rules have since proven effective in achieving the statutory mandates.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve such proposed rule change, or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.
