[Project No. 2145-089]

Public Utility District No. 1 of Chelan County, Washington; Notice of Application for Approval of Contract for the Sale of Power for a Period Extending Beyond the Term of the License

July 18, 2008.

Take notice that on July 17, 2008, Public Utility District No. 1 of Chelan County, Washington (Chelan PUD) filed with the Commission an application for approval of a contract for the sale of power from its licensed Rocky Reach Project No. 2145 for a period from June 30, 2011, through October 31, 2028.¹

¹ The license for the Rocky Reach Project expired in 2006 and the project is operating under annual license.

The Project is located on the Columbia River in Washington.

Section 22 of the Federal Power Act, 16 U.S.C. 815, provides that contracts for the sale and delivery of power for periods extending beyond the termination date of a license may be entered into upon the joint approval of the Commission and the appropriate state public service commission or other similar authority in the state in which the sale or delivery of power is made. Chelan PUD asserts that approval of the submitted contract is in the public interest.

Comments on the request for approval of the power sales contract or motions to intervene may be filed with the Commission no later than August 18, 2008, and replies to comments no later than August 26, 2008. The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

All documents (an original and eight copies) must be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please put the name Rocky Reach, Project No. 2145-089 on the first page of all documents.

Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site <http://www.ferc.gov> under the "e-Filing" link.

A copy of the application is available for review in the Commission's Public Reference Room or may be viewed on the Commission's Web site <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to these projects or other

pending projects. For assistance, contact FERC Online Support.

Kimberly D. Bose,
Secretary.

[Project No. 13134-000]

Thousand Springs Hydro, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

July 21, 2008.

On February 25, 2008, Thousand Springs Hydro, LLC filed an application, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the Thousand Springs Pump Storage Hydroelectric Project, located on the Thousand Springs Creek, in Elko County, Nevada.

The proposed pumped storage project would consist of: (1) An enlargement of the existing gravity dam to 80 feet in height, with a crest length of 650 feet, and a hydraulic head of 60 feet, and an upper gravity dam 220 feet in height, with a crest length of 1,700 feet and a hydraulic head of 200 feet, (2) a proposed upper reservoir having a surface area of 350 acres, with a storage capacity of 11,600 acre-feet and a normal water surface elevation of 5,680 feet mean sea level (msl), (3) a proposed lower reservoir having a surface area of 660 acres, with storage capacity of 10,500 acre-feet and normal water surface elevation of 5,200 feet msl, (4) a 360-inch-diameter steel penstock approximately 7,130 feet long, (5) a proposed powerhouse containing six generating units having a total installed capacity of 470 megawatts, (6) a switchyard, (7) a 115 kV transmission line approximately 21.7 miles in length, and (8) appurtenant facilities. The proposed project would generate approximately 1,370 gigawatt hours annually, which would be sold to a local utility.

Applicant Contact: Mr. Daniel K. Dygert, COO, Carrus Land Systems, LLC, 1047 S. 100 W., Ste. 210, Logan, UT 84321, (435) 787-2211, and Mr. Brent L. Smith, COO, Symbiotics, LLC, P.O. Box 535, Rigby, ID 83442, (208) 745-0834.

FERC Contact: Kelly Houff, 202-502-6393.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. Federal Energy Regulatory Commission

[Docket No. CP08-437-000]

City of Toccoa, GA; Notice of Application

July 21, 2008.

Take notice that on July 11, 2008, the City of Toccoa, Georgia (Toccoa), 203 North Alexander Street, P.O. Box 579, Toccoa, Georgia 30577, filed an abbreviated application pursuant to section 7(f) of the Natural Gas Act (NGA) for a service area determination, a finding that Toccoa qualifies as a local distribution company for purposes of section 311 of the Natural Gas Policy Act (NGPA) and for waiver of the Commission's regulatory requirements, including reporting and accounting requirements ordinarily applicable to natural gas companies under the NGA and NGPA, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on

the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any initial questions regarding Toccoa's proposal in this application should be directed to Joshua L. Menter, Miller, Balis & O'Neil, P.C., 1140 19th Street, NW., Washington, DC 20036; telephone: (202) 296-2960 or jmenter@mbolaw.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of

comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit the original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: August 11, 2008.

Kimberly D. Bose,

Secretary.
