SECURITY

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS. **ACTION:** Final rule.

DEPARTMENT OF HOMELAND

Federal Emergency Management

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or

remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Assistant Administrator of the Mitigation Directorate has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 67 is amended as follows:

DEPARTMENT OF HEALTH AND HUMAN SERVICES

45 CFR Part 4

Service of Process

AGENCY: Department of Health and Human Services.

ACTION: Final rule.

SUMMARY: This rule amends our regulations, which provide for service of process on the Department of Health and Human Services, the Secretary of Health and Human Services, or other

employees of the Department in their official capacities.

The purpose of this amendment is to expand the number of people who can be served process on behalf of the Department.

DATES: Effective Date: August 18, 2008.

FOR FURTHER INFORMATION CONTACT:

Jeffrey S. Davis, Associate General Counsel, General Law Division, Office of the General Counsel, (202) 619–0150.

SUPPLEMENTARY INFORMATION:

Background

In 1983, the Department of Health and Human Services published regulations which addressed the method by which the Secretary of Health and Human Services, the Department, and its employees in their official capacities may be served with legal process. The current regulations provide that the service of a summons and complaint on the Department or on any Department official in his official capacity shall be accomplished by regular mail. Service of subpoenas and other process, if not

authorized by law to be served by mail, should be hand-delivered to the staff of the correspondence control unit of the Office of the General Counsel. The regulations currently provide that, in the absence of that staff, process should be delivered to any Deputy General Counsel or secretary to any Deputy General Counsel of the Department.

This amendment is designed to make full use of limited personnel resources available to the Immediate Office of the General Counsel when the staff of the General Counsel's Office of Legal Resources (formerly the correspondence control unit) is not available to accept service of process. By expanding those who may accept service of process to either the staff of the Office of Legal Resources within the Office of the General Counsel or to any staff member of or individual assigned to the Immediate Office of the General Counsel in the absence of the Office of Legal Resources staff, resources within the Office of the General Counsel will be channeled more appropriately.
