INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-596]

In the Matter of Certain GPS Chips, Associated Software and Systems, and Products Containing Same; Notice of Commission Decision Not To Review a Final Determination Finding No Violation of Section 337

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ") final initial determination ("ID") issued on June 13, 2008 finding no violation of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337 in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Megan M. Valentine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-2301. Copies of non-confidential

documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 13, 2007, based on a complaint filed by SiRF Technology, Inc. ("SiRF") of San Jose, California. 72 FR 11378 (March 13, 2007). The complaint alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain GPS chips, associated software and systems, and products containing the same by reason of infringement of certain claims of United States Patent Nos. 6,304,216 ("the '216 patent"); 7,043,363 ("the '363 patent"); 7,091,904 ("the '904 patent"); and 7,132,980 ("the '980 patent"). The complaint named as respondent Global Locate, Inc. of San Jose, California ("Global Locate"). The complaint and notice of investigation were later amended to include one additional claim of the '904 patent. Subsequently, the investigation was terminated with respect to the '904 patent, the '980 patent, and certain claims of the '216 and the '363 patents, and the complaint and notice of investigation were amended to add Broadcom, Inc. of Irvine, California ("Broadcom") as a respondent to the investigation.

On March 13, 2008, the Commission determined not to review an ID issued by the ALJ granting in part SiRF's motion for summary determination that it had satisfied the importation requirements of 19 U.S.C. 1337. On March 20, 2008, the Commission further determined not to review an ID issued by the ALJ granting SiRF's motion for summary determination that it had satisfied the economic prong of the domestic industry requirement.

On June 13, 2008, the ALJ issued his final ID finding no violation of section 337 by respondents Global Locate and Broadcom. The ID included the ALJ's

recommended determination on remedy and bonding. In the subject ID, the ALJ found that Global Locate's products do not infringe asserted claims 1, 6, 10-12, 17-19, 64, 65, 69, 70, 72, or 73 of the '216 patent. The ALJ also found that the asserted claims are not invalid as anticipated by any prior art. The ALJ further found that SiRF failed to prove that a domestic industry exists for articles protected by the '216 patent. In addition, the ALJ found that Global Locate's products do not infringe asserted claims 7, 8, 10-12, 16, and 18-20 of the '363 patent. The ALJ also found that the asserted claims of the '363 patent are invalid as anticipated by each of the GPS Builder System and the First GPS system. The ALJ further found that SiRF has established that a domestic industry exists for articles protected by the '363 patent.

On June 27, 2008, SiRF filed a petition for review seeking review of the ALJ's ID with respect to the '216 patent. Also on June 27, 2008, Global Locate filed a contingent petition for review, seeking review of certain aspects of the ALJ's findings concerning both the '216 and '363 patents. On July 7, 2008, Global Locate filed an opposition to SiRF's petition for review and SiRF filed a response to Global Locate's contingent petition for review. Also on July 7, 2008, the Commission Investigative Attorney filed a response to both SiRF's petition and Global Locate's contingent petition.

Having examined the record of this investigation, including the ALJ's final ID, the petitions for review, and the responses thereto, the Commission has determined not to review the subject ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42(h) of the Commission's Rules of Practice and Procedure (19 CFR 210.42(h)).

By order of the Commission.

Issued: August 14, 2008.

William R. Bishop,

Acting Secretary to the Commission.

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that imports of uncovered innerspring units from China, South Africa and Vietnam are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on December 31, 2007, by Leggett & Platt, Inc., Carthage, MO.

A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate

service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on October 8, 2008, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before October 16, 2008. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on October 20, 2008, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. The deadline for filing posthearing briefs is October 29, 2008; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before October 29, 2008. On November 7, 2008, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before November 10,

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as “* * * uncovered innerspring units composed of a series of individual metal springs joined together in sizes corresponding to the sizes of adult mattresses (e.g., twin, twin long, full, full long, queen, California king, and king) and units used in smaller constructions, such as crib and youth mattresses. All uncovered innerspring units are included in this scope regardless of width and length. Included within this definition are innersprings typically ranging from 30.5 inches to 76 inches in width and 68 inches to 84 inches in length. Innersprings for crib mattresses typically range from 25 inches to 27 inches in width and 50 inches to 52 inches in length. Uncovered innerspring units are suitable for use as the innerspring component in the manufacture of innerspring mattresses, including mattresses that incorporate a foam encasement around the innerspring. Pocketed and non-pocketed innerspring units are included in this definition. Non-pocketed innersprings are typically joined together with helical wire and border rods. Non-pocketed innersprings are included in this definition regardless of whether they have border rods attached to the perimeter of the innerspring. Pocketed innersprings are individual coils covered by a “pocket” or “sock” of a nonwoven synthetic material or woven material and then glued together in a linear fashion. Uncovered innersprings are classified under subheading 9404.29.9010 and have also been classified under subheadings 9404.10.0000, 7326.20.00.70, 7320.20.5010, or 7320.90.5010 of the Harmonized Tariff Schedule of the United States (HTS). The HTS subheadings are provided for convenience and customs purposes only; the written description of the scope of these investigations is dispositive.”

All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 FR 68168, 68173 (November 8, 2002).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.
