

the final determination of the Department of the Interior.

FURTHER INFORMATION: Contact Mary Jo Albin, Realty Specialist, at the Bureau of Land Management, Farmington Field Office, at (505) 599-6332. Information related to this action, including the environmental assessment, is available for review at 1235 La Plata Highway, Farmington, NM 87401.

SUPPLEMENTARY INFORMATION:

Publication of this notice segregates the public land described above from all other forms of appropriation under the public land laws, including the general mining laws, except for leasing and conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws.

The lease, when issued, will be subject to the following terms:

1. The Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.
2. The Resource Conservation and Recovery Act of 1976 (RCRA) as amended, 42 U.S.C. 6901-6987 and the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA) as amended, 42 U.S.C. 9601 and all applicable regulations.
3. Provisions of Title VI of the Civil Rights Act of 1964.
4. Provisions that the lease be operated in compliance with the approved Development Plan.

The patent document, when issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior and will contain the following terms, conditions, and reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).
2. All minerals, together with the right to prospect for, mine, and remove such deposits from the lands under applicable law and such regulations as the Secretary of the Interior may prescribe.
3. All valid existing rights, e.g., rights-of-way and leases of record.

Provisions that if the patentee or its successor attempts to transfer title to or control over the land to another or the land is devoted to a use other than that for which the land was conveyed, without the consent of the Secretary of the Interior or his delegate, or prohibits or restricts, directly or indirectly, or permits it agents, employees, contractors, or subcontractors, including without limitation, lessees, sublessees and permittees, to prohibit or restrict,

directly or indirectly, the use of any part of the patented lands or any of the facilities whereon by any person because of such person's race, creed, sex, color, or national origin, title shall revert to the United States.

The lands are not needed for Federal purposes. Leasing and later patenting is consistent with current Bureau of Land Management policies and land use planning. The proposal serves the public interest since it would provide the animal shelter building with attached outdoor kennels, an employee's courtyard and a public "get acquainted" courtyard and any other facilities and related buildings that would meet the needs of the animal shelter. Associated parking would be constructed for the clinic building.

Upon publication of this notice in the **Federal Register**, the above described public lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for patent under the R&PP Act and leasing under the mineral leasing laws.

Classification Comments: Interested parties may submit comments involving the suitability of the land for conveyance. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with state and Federal programs.

Conveyance Comments: Interested parties may submit comments regarding the patent and the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for R&PP use.

Confidentiality of Comments: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the Farmington Field Manager, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the classification of the land described in this notice will become effective on

October 27, 2008. The land will not be offered for patent until after the classification becomes effective.

DEPARTMENT OF THE INTERIOR

National Park Service

Draft General Management Plan, Draft Environmental Impact Statement, Fort Stanwix National Monument, NY

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Availability of the Draft Environmental Impact Statement for the Draft General Management Plan, Fort Stanwix National Monument, New York.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(c) the National Park Service (NPS) announces the availability of a Draft Environmental Impact Statement (DEIS) for the Draft General Management Plan (GMP) for Fort Stanwix National Monument, located in the city of Rome, New York. Consistent with National Park Service rules, regulations, and policies, and the park's mission, the Draft GMP/EIS describes and analyzes two alternatives to guide the management and development of Fort Stanwix National Monument over the next 15 to 20 years. The alternatives incorporate various management prescriptions to ensure protection and enjoyment of the park's resources. The Draft GMP/EIS evaluates potential environmental consequences of implementing the alternatives. Impact topics include cultural and natural resources, visitor experience, park operations, and the socioeconomic environment.

NPS regional planning staff and staff at Fort Stanwix NM collaborated in the development of the Draft GMP/EIS. The main issues that the Draft GMP/EIS has focused on have included protection of cultural resources, visitor services, partnership opportunities, carrying capacity, and the lack of a properly defined boundary. Alternative 1: No Action focuses on basically maintaining current management, protection, and interpretive practices and interpreting the siege of Fort Stanwix in the Revolutionary War. Alternative 2: Action Alternative seeks to broaden interpretation of Fort Stanwix in the

context of the Northern Frontier, the Mohawk Valley, and American Indian history; forge new partnerships; upgrade exhibits and waysides; expand the interpretive role of the Marinius Willett Center; and develop an 18th-century cultural landscape treatment plan for the site. After public review of the Draft GMP/EIS, the National Park Service will consider public comments, and a Final GMP/EIS will be prepared. The Final GMP/EIS is scheduled for completion in 2008.

DATES: The National Park Service will accept comments on the Environmental Impact Statement from the public for 60 days from the date the Environmental Protection Agency (EPA) notices the availability of the Draft EIS in its regular Friday **Federal Register** listing. The National Park Service will hold a public meeting during the public review period to receive comments. Meeting date, time, and location will be announced in local media in advance of the meeting date. Comments on the Draft GMP/EIS must be received no later than 60 days from the date of publication of the EPA listing in the **Federal Register**.

FURTHER INFORMATION AND ADDRESSES:

The Draft General Management Plan/Environmental Impact Statement for Fort Stanwix National Monument will be available for public review and comment online at <http://parkplanning.nps.gov>. Hard copies may be obtained by contacting Superintendent Debbie Conway, Fort Stanwix National Monument, 112 East Park Street, Rome, NY 13440; phone 315-338-7730. The public is encouraged to comment on the plan via the Internet at <http://parkplanning.nps.gov> or by mailing comments to Superintendent Debbie Conway, Fort Stanwix National Monument. Before including your address, phone number, e-mail address, or other personal identifying information, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives of or officials of organizations or businesses, available for public inspection in their entirety.

Dated: February 25, 2008.

Dennis R. Reidenbach,

Regional Director Northeast Region, National Park Service.

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-653]

In the Matter of Certain Base Stations and Wireless Microphones; Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Institution of investigation pursuant to 19 U.S.C. 1337.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on July 22, 2008, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, on behalf of L-3 Communications Mobile-Vision, Inc. of Boonton, New Jersey. A supplement to the complaint was filed on August 13, 2008. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain base stations and wireless microphones that infringe certain claims of U.S. Patent No. 7,119,832. The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainant requests that the Commission institute an investigation and, after the investigation, issue an exclusion order and cease and desist orders.

ADDRESSES: The complaint and supplement, except for any confidential information contained therein, are available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Room 112, Washington, DC 20436, telephone 202-205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the

Commission may also be obtained by accessing its internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.
