Project: Community Mental Health Services Block Grant Application Guidance and Instruction, FY 2009–2011 (OMB No. 0930–0168)—Revision

Sections 1911 through 1920 of the Public Health Services Act (42 U.S.C. 300x through 300x-9) provide for annual allotments to assist States to establish or expand an organized, community-based system of care for adults with serious mental illnesses and children with

serious emotional disturbances. Under these provisions of the law, States may receive allotments only after an application is submitted and approved by the Secretary of the Department of Health and Human Services.

For the FY 2009–2011 Community Mental Health Services Block Grant application cycle, SAMHSA will provide States guidance and instructions to guide development of comprehensive State applications/plans and implementation reports. In order to develop this guidance, SAMHSA convened a working group of State representatives to provide input and suggestions regarding the organization and content of the guidance. To the extent possible, these suggestions were incorporated into proposed revisions for the 2009–2011 application cycle. These proposed revisions to the guidance include:

(1) Streamlining the process for reporting States' use of the block grant to support mental health transformation. Revisions to the FY2008 guidance required a new request for information regarding funding for mental health transformation. A number of States indicated that their fiscal processes did not permit reporting in the manner requested. Other States suggested that the reporting burden was significantly increased while the information provided did not accurately reflect the range of transformation activities they were engaged in.

This issue was the principal focus of the State working group, and the proposed FY2009–2011 guidance makes significant revisions based on the input of the group. The revisions include narrowing from 20 to six (6) the number of transformation categories for which States are asked to provide the amount of block grant funding used to support specific activities in FY2009. The new Table C which States are requested to complete follows:

	Column 1		Column 2	
	Is MHBG funding used to support this goal? If yes, please check.		If yes, please provide the actual or estimated amount of MHBG funding that will be used to support this transformation goal in FY2009.	
			Actual	Estimated
GOAL 1: Americans Understand that Mental Health Is Essential to Overall Health				
GOAL 2: Mental Health Care is Consumer and Family Driven				
GOAL 3: Disparities in Mental Health Services are Eliminated				
GOAL 4: Early Mental Health Screening, Assessment, and Referral to Services are Common Practice				
GOAL 5: Excellent Mental Health Care Is Delivered and Research Is Accelerated
