Approval and Promulgation of Implementation Plans; Florida; Removal of Gasoline Vapor Recovery From Southeast Florida Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve the State Implementation Plan (SIP) revision submitted by the State of Florida (Florida) on May 31, 2007, for the purpose of removing Stage II vapor control requirements for new and upgraded gasoline dispensing facilities in Dade, Broward, and Palm Beach Counties (hereafter referred to as the "Southeast Florida Area"), and to phase out Stage II requirements for existing facilities in those counties. In addition, EPA is proposing to approve this SIP revision which would require new and upgraded gasoline dispensing facilities and new bulk gasoline plants statewide to employ Stage I vapor control systems, and would phase in Stage I vapor control requirements statewide for existing gasoline dispensing facilities.

If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. SUPPLEMENTARY INFORMATION:

A. Background

The General Services Administration (GSA) is amending the General Services Administration Acquisition Regulation (GSAR) to update the text addressing GSAR 505 Publicizing Contract Actions, Subpart 505.1 Dissemination of Information, Subpart 505.2 Synopses of Proposed Contract Actions, and 505.5 Paid Advertisements. This rule is a result of the General Services Administration Acquisition Manual (GSAM) Rewrite initiative undertaken by GSA to revise the GSAM to maintain consistency with the FAR and implement streamlined and innovative acquisition procedures that contractors, offerors, and GSA contracting personnel can utilize when entering into and administering contractual relationships. The GSAM incorporates the General Services Administration Acquisition Regulation (GSAR) as well as internal agency acquisition policy.

GSA will rewrite each part of the GSAR and GSAM, and as each GSAR part is rewritten, will publish it in the **Federal Register**.

This rule covers the GSAR portion of Part 505. Currently, Subparts 505.1, 505.2 and 505.5 are identified as “shaded” for regulatory coverage; however, the agency has deemed, during the rewrite process, these Subparts as non-regulatory because the coverage addresses internal agency acquisition policy. These Subparts have been revised and will be moved to the non-regulatory portion of the GSAM.

There were no public comments received in response to the Advanced Notice of Proposed Rulemaking published in the **Federal Register** at 71 FR 7910, February 15, 2006.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and

Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The General Services Administration does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the revisions are not considered substantive. The revisions only update and reorganize existing coverage. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties. GSA will consider comments from small entities concerning the affected GSAR Part 505 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (GSAR case 2008–G503), in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the GSAM do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

Dated: August 27, 2008.
