Third Antidumping Duty Administrative Review of Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Extension of Time Limit for the Preliminary Results

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 18, 2008.

FOR FURTHER INFORMATION CONTACT: Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone: (202) 482-0413.

Background

On April 7, 2008, the Department of Commerce ("Department") published a notice of initiation of an administrative review of certain frozen warmwater shrimp from the Socialist Republic of Vietnam ("Vietnam"), covering the period February 1, 2007 – January 31, 2008. *See Notice of Initiation of Administrative Reviews of the Antidumping Duty Orders on Frozen Warmwater Shrimp from the Socialist Republic of Vietnam and the People's Republic of China*, 73 FR 18739 (April 7, 2008) ("Initiation"). On June 9, 2008, after receiving comments on U.S. Customs and Border Protection data, the Department selected the mandatory respondents for this review. From July 1, 2008 to August 13, 2008, the mandatory respondents responded to the Department's antidumping duty questionnaire. The preliminary results of this administrative review are currently due on October 31, 2008.

Extension of Time Limit for the Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend this deadline to a maximum of 365 days.

The Department determines that completion of the preliminary results of this review within the statutory time period is not practicable, given the extraordinarily complicated nature of the proceeding. The Department

requires more time to gather and analyze a significant amount of information pertaining to each of the mandatory respondents' corporate structure and ownership, sales practices, and manufacturing methods. The Department also requires additional time to analyze the questionnaire responses and to issue supplemental questionnaires. Therefore, given the number and complexity of issues in this case, and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of review by 120 days until March 2, 2009. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: September 11, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF DEFENSE**Department of the Air Force****Notice of Intent**

AGENCY: United States Air Force, Air Mobility Command, Federal Aviation Administration.

ACTION: Notice of intent.

Authority: 42 U.S.C. 4321-4347; 40 CFR Parts 1500-1508; and 32 CFR part 989.

SUMMARY: The Air Force issues this notice to advise the public of its intent to prepare an Environmental Impact Statement (EIS) for the Beddown and Flight Operations of Unmanned Aerial Systems (UAS) at Grand Forks Air Force Base, North Dakota. The EIS will assess the potential environmental impacts associated with the proposed beddown and flight operations of unmanned aerial systems (UASs) at Grand Forks Air Force Base (GFAFB). The proposal responds to the 2005 Base Realignment and Closure (BRAC) decision to beddown the emerging UAS mission at GFAFB and entails restructuring airspace in the vicinity of GFAFB to allow for the safe training and operations of UASs. Additional information is available at the project Web site listed below.

DATES: Four scoping meetings will be held as follows:

1. October 6, 2008; 4 p.m., Grand Forks, ND.

2. October 7, 2008; 4 p.m., Devils Lake, ND.
3. October 8, 2008; 4 p.m., Langdon, ND.
4. October 9, 2008, 4 p.m., Carrington, ND.

ADDRESSES: 1. Grand Forks—Red River High School, 2211 17th Avenue.

2. Devils Lake—Lake Region State College, Dining Room, 1801 College Drive.

FOR FURTHER INFORMATION CONTACT: Mr. Doug Allbright, 618-229-0846.

SUPPLEMENTARY INFORMATION:

Headquarters Air Mobility Command (HQ AMC), the Air National Guard (ANG), the Air Combat Command (ACC) and the 319th Airlift Refueling Wing (319 ARW) would provide the required equipment, facilities, necessary infrastructure, staffing and airspace to support the 2005 Base Realignment and Closure (BRAC) decision to beddown the emerging UAS mission at GFAFB. The Federal Aviation Administration is participating in this process as a Cooperating Agency.

The proposed action, Alternative A, would restructure airspace in the vicinity of GFAFB to allow for the safe training and operations of UASs. These modifications would include establishing a restricted area above GFAFB, converting a portion of the existing Tiger and Devils Lake Military Operations Areas (MOAs) to restricted airspace, expanding the Camp Grafton restricted area (R-5401) for the use of non-eye safe lasers, and creating restricted corridors to link the training areas with GFAFB. Use of non-eye safe lasers at Camp Grafton would be contained within the existing land boundaries of Camp Grafton. These airspace changes would allow UAS pilots to receive the training necessary to remain proficient in operating these aircraft.

Alternatives: Three action alternatives and a no-action alternative have initially been identified for analysis, they include:

Alternative A: This alternative consists converting a portion of the Tiger and Devils Lake MOAs to restricted airspace, creating four new restricted airspace areas and expanding airspace at Camp Grafton. The new areas consist of a UAS arrival and departure airspace area, two Predator transit corridors, and a north-south Predator access corridor. Existing restricted airspace above Camp Grafton

would be expanded for use of the non-eye safe Predator laser. Minor building renovations and the installation of two aviation fuel tanks at GFAFB would also be required.

Alternative B: This alternative consists of converting the entire Tiger and Devils Lake MOAs to restricted airspace, establishing three new restricted areas and expanding airspace at Camp Grafton for use of the non-eye safe Predator laser. The new airspace would consist of a UAS arrival and departure airspace area and two Predator transit corridors. The minor renovation and tank installation would also occur under this alternative.

Alternative C: This alternative consists of the actions proposed in Alternative A along with the construction of a new UAS hangar at GFAFB.

No Action: This alternative consists of no changes to the existing airspace structure around GFAFB and no renovation or construction would occur at GFAFB to accommodate the 2005 BRAC recommendations.

Direct written comments to: HQ AMC/A7PI, 507 Symington Drive; Scott Air Force Base, Illinois 62225 or via the project Web site at: <http://www.grandforksuaseis.com>. All are encouraged to provide comments on the proposed action either at the scoping meetings or by mail, postmarked no later than 30 October 2008 to ensure proper consideration in the environmental impact analyses.
