

substantially change the effect of the regulations being amended.<sup>35</sup> The actions proposed herein fall within this categorical exclusion in the Commission's regulations.

## V. Regulatory Flexibility Act

36. The Regulatory Flexibility Act of 1980 (RFA)<sup>36</sup> generally requires a description and analysis of final rules that will have a significant economic impact on a substantial number of small entities. The RFA mandates consideration of regulatory alternatives that accomplish the stated objectives of a proposed rule and that minimize any significant economic impact on a substantial number of small entities. The Small Business Administration's Office of Size Standards develops the numerical definition of a small business. (See 13 CFR 121.201). For electric utilities, a firm is small if, including affiliates, it is primarily engaged in the transmission, generation and/or distribution of electric energy for sale and its total electric output for the preceding twelve months did not exceed four million megawatt hours. The RFA is not implicated by this Final Rule because the minor modifications and interpretations discussed herein will not have a significant economic impact on a substantial number of small entities.

## VI. Comment Processing

37. The Commission invites interested persons to submit comments on the matters and issues proposed in this notice to be adopted, including any related matters or alternative proposals that commenters may wish to discuss. Comments are due November 24, 2008. Comments must refer to Docket No. RM08-11-000, and must include the commenters' name, the organization they represent, if applicable, and their address in their comments.

38. The Commission encourages comments to be filed electronically via the eFiling link on the Commission's Web site at <http://www.ferc.gov>. The Commission accepts most standard word processing formats. Documents created electronically using word processing software should be filed in the native application or print-to-PDF format and not in a scanned format. Commenters filing electronically should not make a paper filing. Service of rulemaking comments is not required.

39. Commenters that are not able to file comments electronically must send an original and 14 copies of their comments to: Federal Energy Regulatory Commission, Secretary of the

Commission, 888 First Street, NE., Washington, DC 20426.

40. All Comments will be placed in the Commission's public files and may be viewed, printed, or downloaded remotely as described in the Document Availability section below. Commenters on this proposal are not required to serve copies of their comments on other commenters.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

On September 8, 2008 (73 FR 52136), MSHA published a proposed rule in the **Federal Register** that would amend the existing metal and nonmetal standards

<sup>35</sup> 18 CFR 380.4(a)(2)(ii).

<sup>36</sup> 5 U.S.C. 601-12.

concerning the use of intoxicating beverages and narcotics and would make the new standard applicable to all mines. On September 26, 2008 (73 FR 55800), MSHA published a document extending the comment period. The proposed rule would designate the substances that cannot be possessed on mine property or used while performing safety-sensitive job duties, except when used according to a valid prescription. Mine operators would be required to establish an alcohol- and drug-free mine program, which includes a written policy, employee education, supervisory training, alcohol- and drug-testing for miners that perform safety-sensitive job

duties and their supervisors, and referrals for assistance for miners and supervisors who violate the policy. The proposed rule would also require those who violate the prohibitions to be removed from the performance of safety-sensitive job duties until they successfully complete the recommended treatment and their alcohol- and drug-free status is confirmed by a return-to-duty test.

MSHA held a public hearing on October 14, 2008 and persons made presentations via Webcast in Washington, DC, Pittsburgh, PA, and Englewood, CO. Additionally, persons made presentations via audio in

Birmingham, AL, Beckley, WV, Madisonville, KY, and Price, UT. In response to further requests, MSHA is holding an additional hearing.

## II. Public Hearing

MSHA will hold a public hearing on the proposed rule. The public hearing will begin at 9 a.m. Eastern Daylight Savings Time (EDST). Persons can make presentations via audio at three locations. The hearing will end at 5 p.m. EDST, or after the last speaker speaks. The hearing will be held on the following date at the locations and times indicated:

Date	Location	Contact information
October 28, 2008 .....	Via Audio: 9:00 a.m. Eastern Daylight Savings Time. The National Mine Health and Safety Academy, 1301 Airport Road, Beckley, WV 25813.	Office of Standards, Regulations and Variances, 202-693-9440.
October 28, 2008 .....	Via Audio: 8:00 a.m. Central Daylight Savings Time. Sheraton Birmingham Hotel, 2101 Richard Arrington Jr. Blvd. N, Medical Forum Auditorium, Birmingham, Alabama 35203.	Office of Standards, Regulations and Variances, 202-693-9440.
October 28, 2008 .....	Via Audio: 8:00 a.m. Central Daylight Savings Time. United Steelworkers Local Union #1938, 307 First Street North, Virginia, Minnesota 55792.	Office of Standards, Regulations and Variances, 202-693-9440.

The MSHA panel will be located at the Agency's Arlington headquarters at 1100 Wilson Boulevard, 25th floor in Arlington, Virginia. Persons will need an ID to enter all locations and may be subject to a security check.

The hearing will begin with an opening statement from MSHA, followed by an opportunity for members of the public to make oral presentations. Requests to speak at the hearing should be made prior to the hearing date. Requests to speak may be made by telephone (202-693-9440), facsimile (202-693-9441), electronic mail [zzMSHA-comments@dol.gov](mailto:zzMSHA-comments@dol.gov) or mail (MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, Virginia 22209-3939). Because members of the public will be able to make oral presentations via audio at several locations, for scheduling purposes, MSHA strongly encourages all parties wishing to speak to notify the Agency in advance.

Any unallocated time at the end of the hearing will be made available to

persons making same-day requests to speak. Same-day requestors will speak in the order that they sign in at the hearing. At the discretion of the presiding official, the time allocated to each speaker for their presentation may be limited. Speakers and other attendees may also present information to the MSHA panel for inclusion in the rulemaking record.

The hearing will be conducted in an informal manner. Formal rules of evidence and cross examination will not apply. The hearing panel may ask questions of speakers. Speakers may ask questions of the hearing panel. MSHA will make a transcript of the hearing, post it on MSHA's Web site <http://www.msha.gov>, and include it in the rulemaking record. A link to the complete audio recording will be placed on MSHA's Web site several days after the hearing.

MSHA will accept post-hearing written comments and data for the record from any interested party, including those not presenting oral statements, by midnight Eastern

Daylight Savings Time on November 10, 2008.

Dated: October 20, 2008.
