

DEPARTMENT OF HOMELAND SECURITY**United States Immigration and Customs Enforcement****Agency Information Collection Activities: Revision of an Existing Information Collection; Comment Request**

ACTION: 60-Day Notice of Information Collection for Review; I-352, Immigration Bond; OMB Control No. 1653-0022.

The Department of Homeland Security, U.S. Immigration and Customs Enforcement (USICE), will be submitted the following information collection request for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for sixty days until January 2, 2009.

Written comments and suggestions regarding items contained in this notice, and especially with regard to the estimated public burden and associated response time should be directed to the Department of Homeland Security (DHS), Lee Shirkey, Chief, Records Management Branch, U.S. Immigration and Customs Enforcement, 500 12th Street, SW., Washington, DC 20024.

Comments are encouraged and will be accepted for sixty days until January 2, 2009. Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of currently approved information collection.

(2) *Title of the Form/Collection:* Immigration Bond.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Form I-352, U.S. Immigration and Customs Enforcement.

1. *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* Individual or households and businesses. The data collected on this collection instrument is used by U.S. Immigration and Customs Enforcement to ensure that the person or company posting the bond is aware of the duties and responsibilities associated with the bond. The collection instrument serves the purpose of instruction in the completion of the form, together with an explanation of the terms and conditions of bond. Sureties will have the capability of accessing, completing and submitting a bond electronically through ICE's eBonds initiative which encompasses the I-352, while individuals will still be required to complete the bond manually.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 25,000 responses at 30 minutes (.50 hours) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 12,500 annual burden hours.

Comments and/or questions; requests for a copy of the proposed information collection instrument, with instructions; or inquiries for additional information should be directed to: Lee Shirkey, Chief, Records Management Branch, U.S. Immigration and Customs Enforcement, 500 12th Street, SW., Washington, DC 20024.

Dated: October 28, 2008.

Lee Shirkey,

Chief, Records Management Branch, U.S. Immigration and Customs Enforcement, Department of Homeland Security.

BILLING CODE 9111-28-P

DEPARTMENT OF THE INTERIOR**Office of the Secretary****Invasive Species Advisory Committee**

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of Public Meetings of the Invasive Species Advisory Committee.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act, notice is hereby given of meetings of the Invasive Species Advisory Committee. The purpose of the Advisory Committee is to provide advice to the National Invasive Species Council, as authorized by Executive Order 13112, on a broad array of issues related to preventing the introduction of invasive species and providing for their control and minimizing the economic, ecological, and human health impacts that invasive species cause. The Council is co-chaired by the Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce. The duty of the Council is to provide national leadership regarding invasive species issues. The purpose of a meeting on November 18-19, 2008 is to convene the full Advisory Committee and to discuss implementation of action items outlined in the 2008-2012 National Invasive Species Management Plan, which was finalized on August 1, 2008.

DATES: Meeting of the Invasive Species Advisory Committee: Tuesday, November 18 through Wednesday, November 19, 2008; beginning at approximately 8 a.m., and ending at approximately 5 p.m. each day. General Session on both days will be held in the Chesapeake Room.

ADDRESSES: Sheraton Inner Harbor, 300 South Charles Street, Baltimore, MD 21201.

FOR FURTHER INFORMATION CONTACT:

Kelsey Brantley, National Invasive Species Council Program Analyst and ISAC Coordinator, (202) 513-7243; Fax: (202) 371-1751.

Dated: October 3, 2008.

Lori Williams,

Executive Director, National Invasive Species Council.

Center Point Energy (CPE), Right-of-Way Permit Application To Cross Cache River National Wildlife Refuge, Jackson County, AR

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of application for a natural gas pipeline Right-of-Way.

SUMMARY: The U.S. Fish and Wildlife Service is soliciting public comment on a Right-of-Way (ROW) permit application submitted by Center Point Energy (CPE) to install a 4-inch natural gas pipeline in a 10-feet wide by 850-feet wide right-of-way across a portion of the Cache River National Wildlife Refuge in Jackson County, Arkansas. Installation of the gas pipeline will require the issuance of a ROW permit.

DATE: Interested persons desiring to comment on this application must do so by December 3, 2008. We will consider public comments received or postmarked by that date.

ADDRESSES: Comments or requests for additional information should be addressed to Ms. Angela Thompson, U.S. Fish and Wildlife Service (Realty), 1875 Century Boulevard, Suite 420, Atlanta, Georgia 30345, telephone 404-679-7200; fax 404-679-7273 or e-mail to: angela_thompson@fws.gov.

FOR FURTHER INFORMATION CONTACT: For copies of documents and to ask project questions, see "Document Availability."

SUPPLEMENTARY INFORMATION:

A. Background

The Arkansas Highway and Transportation Department is replacing an unsafe wooden bridge on County Road 51, Jackson County, Arkansas. The proposed right-of-way will require realignment of a 762-foot section of a 4-inch natural gas pipeline that runs beneath the eastern edge of the wooden bridge on County Road 51. To install the pipeline, CPE will utilize horizontal directional drilling to cross a section of the Refuge and the Cache River. The entry and exit pits will be located in the gravel roadbed; the northern pit will be 50 feet from the northern end of the bridge and the southern pit will be 120 feet from the southern end of the bridge. The new alignment will run along the east side of the new bridge and 24 feet from the centerline of the existing road. The new pipeline right-of-way will run 4 feet below the riverbed, and across a strip of land lying in Jackson County, in the State of Arkansas.

B. Document Availability

Pursuant to the National Environmental Policy Act of 1969 (NEPA), the U.S. Fish and Wildlife Service prepared a Categorical Exclusion (CX), Environmental Action Statement (EAS) and was a cooperator in preparation of a Final Environmental Impact Statement (EIS) by the Federal Energy Regulatory Commission (FERC) assessing the impacts of constructing and operating the proposed natural gas pipeline. A copy of the CX is available

from the Cache River National Wildlife Refuge Complex, 26320 Hwy 33 South, Augusta, Arkansas 72006, (870) 347-2614. The final EIS has been placed in the public files of the FERC and is available for public inspection at: Federal Energy Regulatory Commission, Public References and Files Maintenance Branch, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371. Additional information about the Project is available from the FERC's Office of External Affairs, 1(866) 208-FERC or on the FERC Web site (<http://www.ferc.gov>).

If you wish to comment, you may do so by one of the following methods. You may mail comments to the above address. You may also comment via the Internet at the following address: angela_thompson@fws.gov. Please include your name and return address in your Internet message. If you do not receive a confirmation from the system that we have received your Internet message, contact us at the above phone number or address. Our practice is to make comments, including names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law.

The Fish and Wildlife Service is the principal federal agency responsible for conserving, protecting, and enhancing fish, wildlife, and plants and their habitats for the continuing benefit of the American people.

Authority: The authority to publish this notice is contained in 30 U.S.C. 185(k).

Dated: October 28, 2008.

Cynthia K. Dohner,

Acting Regional Director.

Fayetteville/Greenville Expansion Project, Texas Gas Transmission, LLC, Right-of-Way Permit Application To Cross Hillside National Wildlife Refuge, Holmes County, MS

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of right-of-way permit application.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), request

public comment on a right-of-way (ROW) permit application we have received from Texas Gas Transmission, LLC (Texas Gas), to install a 36-inch-diameter natural gas pipeline under lands within Hillside National Wildlife Refuge (Refuge) in Holmes County, MS.

DATES: If you wish to comment on this application, you must do so by December 3, 2008. We will consider public comments received or postmarked by that date.

ADDRESSES: Send comments by U.S. mail to Ken Clough, U.S. Fish and Wildlife Service, 6578 Dogwood View Parkway, Jackson, MS 39213; by facsimile to (601) 965-4010; or by e-mail to ken_clough@fws.gov.

FOR FURTHER INFORMATION CONTACT: For copies of documents and to ask project questions, see "Document Availability."

SUPPLEMENTARY INFORMATION:

A. Background

We have received a right-of-way (ROW) permit application from Texas Gas to install a 36-inch-diameter natural gas pipeline under lands within the boundary of Hillside National Wildlife Refuge in Holmes County, MS. The proposed use is part of the Texas Gas Fayetteville/Greenville Expansion Project to construct, own, and operate 262.6 miles of 36-inch-diameter natural gas pipeline and associated facilities in the states of Arkansas and Mississippi. The Greenville Lateral, in Mississippi, consists of approximately 96.4 miles in Washington, Sunflower, Humphries, Holmes and Attala Counties. The pipeline will carry natural gas supplies from the Fayetteville Shale production area in north central Arkansas to consumer markets served by Texas Gas and other interstate pipelines. The pipeline is intended to provide increased pipeline capacity from the Fayetteville Shale production area.

Texas Gas proposes to use subsurface Horizontal Directional Drilling (HDD) technology to cross the Refuge lands. The HDD bore and installation of one 36-inch-diameter pipeline will take place between 95 and 115 feet below the surface of Refuge lands. The route will follow an abandoned railroad right-of-way for an estimated 1,405 feet below ground under the northern tip of the Refuge. The entry and exit holes of the HDD bore will be located approximately 1,000 feet outside the Refuge boundary. Texas Gas proposes to cut a 3-foot-wide path across the Refuge directly above the pipe location. The path will be used to hand-lay two electrical grid guide wires for guidance of the underground drill bit. A HDD drilling rig, set up outside the Refuge, will be used to drill
