

Allottees must be able to obtain delivery of their allocations. A letter of commitment from each allottee's serving utility or transmission provider confirming that the allottee will receive the benefit of Western's Proposed Power Allocation must be received by May 11, 2009. If a copy of the letter is not received by the date above, Western may redistribute the allottee's portion of the resource pool to those allottees that remain. Western may extend this deadline for receiving a letter of commitment if a written request to do so is received by Western by the deadline.

The proposed allocations shown in the table above are based on the LAP marketable resource currently available. If the LAP marketable resource is adjusted in the future, all allocations may be adjusted accordingly.
