IV. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

V. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before April 29, 2009. This written withdrawal of the request for cancellation will apply only to the

applicable FIFRA section 6(f)(1) requests listed in this notice. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

In any order issued in response to these requests for amendments to terminate uses, the Agency proposes to include the following provisions for the treatment of any existing stocks of the products identified or referenced in Table 1 in Unit III.

Amvac Corporation and Chemtura Chemical Corporation will be permitted to sell or distribute existing stocks of the manufacturing-use products referenced in Table 1 of Unit III. with labels that are not revised per their request as described in Unit III. (i.e., "previously approved labeling"), until 6 months after the effective date of cancellation. Persons other than Amvac Corporation or Chemtura Chemical Corporation may continue to use existing stocks of the manufacturing-use products referenced in Table 1 of Unit III. with previously approved labeling, for formulation into end-use products until 18 months after the effective date of cancellation.

Amvac Corporation and Chemtura Chemical Corporation will be permitted to sell or distribute existing stocks of the end-use products referenced in Table 1 of Unit III. with previously approved labeling, until 18 months after the effective date of cancellation. Users will be allowed to use existing stocks of the

affected PCNB end-use products with previously approved labeling until such stocks are exhausted, provided such use is in a manner consistent with the previously approved labeling for that product.

If the requests for use termination are granted, the Agency intends to publish the cancellation order in the **Federal Register**.
