*Abstract:* This is the second submission of a two-stage clearance request for approval of data collection activities that will be used to support An Impact Evaluation of Moving High-Performing Teachers to Low-Performing Schools. The evaluation aims to estimate the impact of a program, labeled the Talent Transfer Initiative (TTI) program, on student achievement. This program identifies teachers with consistently high performance using value-added student learning gains and offers them monetary incentives to

transfer to schools identified as low-performing based on average student test scores.

### **Notice of Proposed Information Collection Requests**

**AGENCY:** Department of Education.

**SUMMARY:** The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

**DATES:** Interested persons are invited to submit comments on or before July 13, 2009.

**SUPPLEMENTARY INFORMATION:** Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice

containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

*Abstract:* The 2011 National Assessment of Career and Technical Education (NACTE) will examine the implementation of the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV). This evaluation study, which is part of a larger evaluation effort directed by the Policy and Program Studies Service (PPSS), focuses on evaluating how state agencies and local providers are responding to the new legislation and how new provisions contained within the legislation are being implemented. Information collected from the NACTE study will be incorporated in two reports submitted to Congress: An interim report (due January 1, 2010) and final report (due July 1, 2011), which are mandated in the legislation. These reports are to detail the condition of CTE and the success of state agencies and local programs in improving the quality of CTE services. To capture state agency staff and local provider input about the Act's implementation, researchers will administer surveys to the state secondary and postsecondary director of CTE in each of the 50 states,

the District of Columbia, and other territories and possessions in outlying areas. A second set of surveys will be administered to a nationally representative sample of 1,265 secondary level local education agencies and/or intermediary agencies (i.e., dedicated CTE facilities) and 765 institutions of higher education. To assess the distribution of Federal resources to local programs, researchers will collect 2006–07 and 2009–10 fiscal allocation data from state secondary and postsecondary agencies administering Federal Perkins dollars.
