

subject to the statutory and regulatory requirements. Section 926.6 (12 CFR 926.6) permits an applicant to appeal a Bank decision to deny certification to the FHFA.

12 CFR part 950, specifically section 950.17 (12 CFR 950.17), establishes the terms and conditions under which a Bank may make advances to a certified housing associate. Section 950.17 also imposes a continuing obligation on a housing associate to provide information necessary to determine if it remains in compliance with applicable statutory and regulatory requirements.

The information collection contained in sections 926.1 through 926.6 and section 950.17 (12 CFR 926.1–926.6 and 950.17) is necessary to enable the Banks to determine whether an applicant satisfies the statutory and regulatory requirements to be certified initially and maintain its status as a housing associate eligible to receive Bank advances. The FHFA requires and uses the information collection to determine whether to uphold or overrule a Bank decision to deny housing associate certification to an applicant.

The OMB control number for the information collection, which expires on June 30, 2009, is 2590–0001. The likely respondents include applicants for housing associate certification and current housing associates.

B. Burden Estimate

The FHFA estimates the total annual average number of applicants at one, with one response per applicant. The estimate for the average hours per application is 15 hours. The estimate for the annual hour burden for applicants is 15 hours (1 applicant \times 1 response per applicant \times 15 hours).

The FHFA estimates the total annual average number of maintenance respondents, that is, certified housing associates, at 65, with 1 response per housing associate. The estimate for the average hours per maintenance response is one hour. The estimate for the annual hour burden for certified housing associates is 65 hours (65 certified housing associates \times 1 response per associate \times 1 hour).

The estimate for the total annual hour burden is 80 hours (65 housing associates \times 1 response per associate \times 1 hour + 1 applicant \times 1 response per applicant \times 15 hours).

C. Comment Request

In accordance with 5 CFR 1320.8(d), the FHFA published a request for public comments regarding this information collection in the **Federal Register** on December 29, 2008. See 73 FR 79484 (December 29, 2008). The 60-day

comment period closed on February 27, 2009. The FHFA received no public comments.

Written comments are requested on:

(1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of the FHFA estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on applicants and housing associates, including through the use of automated collection techniques or other forms of information technology. Comments may be submitted to OMB in writing at the address listed above.

Dated: May 21, 2009.

SUPPLEMENTARY INFORMATION:

A. Need for and Use of the Information Collection

The FHFA has authorized the Federal Home Loan Banks (Banks) to acquire mortgage loans and other assets from their members or housing associates under certain circumstances. 12 CFR part 955. The regulation refers to these assets as acquired member assets or AMA. As part of this regulatory authorization, each Bank that acquires residential mortgage loans must provide to the FHFA certain loan-level data on a quarterly basis. The reporting requirements, which previously were in 12 CFR part 955 (specifically, section 955.4 and Appendices A and B), currently are contained in the FHFA Data Reporting Manual. The FHFA uses this data to monitor the safety and soundness of the Banks and the extent to which the Banks are fulfilling their statutory housing finance mission through their AMA programs. See 12 U.S.C. 1422a(a).

While the Banks provide the AMA data directly to the FHFA, each Bank initially must collect the information from the private-sector member or housing associate from which the Bank acquires the mortgage loan. Bank members and housing associates already collect the vast majority of the data the FHFA requires in order to do business with the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac) under regulatory requirements issued by the Department of Housing and Urban

Development (HUD) and pursuant to the information collection requirements under the Home Mortgage Disclosure Act (HMDA). Thus, the FHFA's information collection imposes only a minor incremental additional burden on Bank members and housing associates.

The OMB control number for the information collection, which expires on August 31, 2009, is 2590-0008. The likely respondents are institutions that sell AMA assets to Banks.

B. Burden Estimate

The FHFA estimates that the hour burden associated with the AMA collection is little changed. More institutions are participating in the AMA program, but the average report size has gone down dramatically. The FHFA estimates the total annual average number of respondents at 750, with 4 responses per respondent. The estimate for the average hours per response is 12 hours. The estimate for the total annual hour burden is 36,000 hours (750 respondents \times 4 responses per respondent \times 12 hours).

Bank members could incur additional one-time costs to be able to collect and report additional loan-level data elements. The FHFA estimates this additional, one-time cost at \$150,000 (\$2,000 \times 750 members).

C. Comment Request

The FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of the FHFA estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility and clarity of the information collected; and (4) ways to minimize the burden of the collection of information, including through the use of automated collection techniques or other forms of information technology.
