

distances. The light travels through the core by constantly bouncing from mirror-lined walls, known as the cladding. Because the cladding does not absorb any light from the core, the light wave can travel great distances.

Upon importation, glass preforms for optical fibers ("optical glass preforms") consist of glass rods of various sizes and dimensions from which glass optical fiber is fabricated. They are produced by a two-step process. In the first step, called Vapor Axial Deposition, extremely fine dusts of silica tetrachloride fuse into a rod when drawn through an annealing furnace, creating the core layer of the optical glass preform. In the second step, the cladding layer is added by fusing a layer of silica dioxide powder to the outside of the core rod. The result is that the core and cladding of the optical glass preform is made of visibly different layers of glass because of their different refractive indexes.

Heading 7002, HTSUS, provides for "Glass in balls (other than microspheres of heading 7018), rods or tubes, unworked". This is an *eo nomine* provision that covers unworked glass rods. Subheading 7002.20.10, HTSUS, provides for "Rods: of fused quartz or other fused silica". The 2009 column one, general rate of duty for this provision is free.

Heading 7020, HTSUS, provides for "Other articles of glass" and subheading 7020.00.60, HTSUS, provides for "Other". This is a basket provision that provides for articles of glass not otherwise covered in Chapter 70 of the HTSUS. The 2009 column one, general rate of duty under this provision is 5 percent *ad valorem*.

Heading 9001, HTSUS, provides for "Optical fibers and optical fiber bundles; optical fiber cables other than those of heading 8544; sheets and plates of polarizing material; lenses (including contact lenses), prisms, mirrors and other optical elements, of any material, unmounted, other than such elements of glass not optically worked". Subheading 9001.10.00, HTSUS, provides for "Optical fibers, optical fiber bundles and cables, and other". The 2009 column one, general rate of duty for this provision is 6.7 percent *ad valorem*.

On April 21, 2006, CBP issued Headquarters Ruling (HQ) 967058 to Lucent Technologies regarding optical glass preforms. In this ruling, CBP concluded that the proper classification is under subheading 7002.20.10, HTSUS. CBP found that because the manufacture of optical glass preforms is a process that requires multiple steps, the articles are not complete until the desired layers are created and form a

pure, solid whole. Therefore, the "working" of glass articles occurs after their creation.

Filing of Domestic Interested Party Petition

On August 4th, 2006, Corning, a manufacturer of optical glass preforms in the U.S., filed a domestic interested party petition, in accordance with section 516, Tariff Act of 1930, as amended (19 U.S.C. 1516), requesting that CBP reclassify imported optical glass preforms in either of subheadings 7020.00.60 or 9001.10.00, HTSUS. Corning's challenge of CBP's classification of these optical glass preforms turned on the issue of whether the different glass refractions evidence the existence of a glass core rod which has been "worked" by the addition to it of a layer of cladding glass.

On March 28, 2007, in accordance with 19 CFR 175.21, CBP published a Notice of Receipt of Domestic Interested Party Petition filed by petitioner Corning in the **Federal Register** (72 FR 14603). The notice invited written comments on the petition from interested parties until May 27, 2007. Two comments were received in response to this notice, both of which concurred with CBP's position that the optical glass preforms described in HQ 967058 are classified in subheading 7002.20.10, HTSUS.

Decision on Petition and Notice of Petitioner's Desire To Contest

On July 14, 2008, CBP issued HQ W968361, denying Corning's Domestic Interested Party Petition and satisfying the requirements of 19 CFR 175.22(b) by providing the petitioner with notification that the classification of the imported optical glass preforms was found to be correct. CBP classified the optical glass preforms based on its finding that these goods are solid multi-layered rods made from fused silica that are unworked in their condition as imported. This letter officially notified the petitioner that "CBP correctly classified the glass preform described in HQ 967058, by application of GRI 1, under heading 7002, HTSUS, and specifically under subheading 7002.20.1000, as glass rods, unworked, of fused quartz or other fused silica."

On August 6, 2008, Corning timely provided CBP with notice of its desire to contest HQ W968361 in the United States Court of International Trade and its desire to contest the liquidation of entries of optical glass preforms at the Port of Charlotte, North Carolina in accordance with 19 U.S.C. 1516(c) and 19 CFR 175.23.

As required by both the applicable statute and regulations, CBP is in receipt of Corning's letter, dated August 6, 2008, establishing the timely notice of its desire to contest in the Court of International Trade CBP's decision letter of HQ W968361 which held that the classification of imported optical glass preforms is under subheading 7002.20.10, HTSUS, as glass rods, unworked, of fused quartz or other fused silica.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5280-N-22]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Kathy Ezzell, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Rita, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville,

MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: **Army:** Ms. Veronica Rines, Department of the Army, Office of the Assistant Chief of Staff for Installation Management, DAIM-ZS, Room 8536, 2511 Jefferson Davis Hwy, Arlington, VA 22202; (703) 601-2545; **GSA:** Mr. Gordon Creed, Acting Deputy Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th & F Streets, NW., Washington, DC 20405; (202) 501-0084; **Navy:** Mrs. Mary Arndt, Acting Director, Department of the Navy, Real Estate Services, Naval Facilities Engineering Command, Washington Navy Yard, 1322 Patterson Ave., SE., Suite 1000, Washington, DC 20374-
