

financial and activity reports under this program as prescribed by OMB Circular A-110, codified at 2 CFR part 215 and 29 CFR part 95. Specifically the following reports will be required:

1. *Quarterly report*: The quarterly report is estimated to take five (5) hours to complete. The form for the quarterly report will be provided by ODEP. The Department will work with the grantee to help refine the requirements of the report, which, among other things, will include measures of ongoing analysis for continuous improvement. This report will be filed using an on-line reporting system. The form will be submitted within thirty (30) days of the close of the quarter.

2. *Standard Form 269, Financial Status Report Form*: This form is to be completed and submitted on a quarterly basis using the on-line electronic reporting system unless ODEP provides different instructions.

3. *Final Project Report*: The Final Project Report is to include an assessment of project performance and outcomes achieved. It is estimated that this report will take twenty (20) hours to complete. This report will be submitted in hard copy and on electronic disk using a format and following instructions, to be provided by ODEP. A draft of the final report is due to ODEP sixty (60) days before the end of the period of performance of the cooperative agreement. The final report is due to ODEP and the DOL Grants Office ten (10) days before the end of the period of performance of the cooperative agreement.

The Department will arrange for an evaluation of the outcomes, impacts, accomplishments, and benefits of each funded project. The grantee must agree to cooperate with this evaluation and must make available records on all parts of project activity, including available data on service delivery models being studied, and provide access to personnel, as specified by the evaluator(s), under the direction of ODEP. This evaluation is separate from the ongoing evaluation for continuous improvement required of the grantee for project implementation.
