

Title and OMB Number: Synchronized Predeployment and Operational Tracker (SPOT) System; OMB Control Number 0704–TBD.

Needs and Uses: In accordance with section 861 of Public Law 110–181 and DoD Instruction 3020.41, “Contractor Personnel Authorized to Accompany the U.S. Armed Forces” and other appropriate policy, Memoranda of Understanding, and regulations, the DoD Components, the Department of State (DoS), and the United States Agency for International Development (USAID) shall ensure that contractors enter data into the Synchronized Predeployment and Operational Tracker (SPOT) System before deployment outside the United States.

Data collection on contractors is a condition of their contract when DFARS 252.225–7040 is incorporated and persons who choose not to have data collected will not be entitled to employment opportunities which require this data to be collected.

Affected Public: Business or other for-profit.

Annual Burden Hours: 150,000 hours (300,000 individual records × .5 hrs).

Number of Respondents: 1,300 companies.

Responses per Respondent: 1 to 32,000 employees (average 231).

Average Burden per Response: Approximately 30 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Department of Defense has designated the SPOT as the joint Web-based database to assist the Combatant Commander (CCDR) in maintaining awareness of the nature, extent, and potential risks and capabilities associated with contracted support in support of contingency operations, humanitarian or peacekeeping operations, or military exercises designated by the CCDR.

The designated joint Web-based database (SPOT or its successor) shall:

(a) Serve as the central repository for up-to-date status and reporting on all DoD funded contingency contractor personnel as well as other personnel as directed by the Under Secretary of Defense for Acquisition, Technology, and Logistics (USD(AT&L)), or by the CCDR.

(b) Track contract capability information for all DoD funded contracts supporting contingency operations, humanitarian or peacekeeping operations, or military exercises designated by the CCDR. Contract capability information shall provide planners and CCDRs an

awareness of the nature, extent, and potential risks and capabilities associated with the contracted effort.

(c) Provide by-name accountability of all DoD funded contingency contractor personnel and other personnel as directed by USD(AT&L) or the CCDR.

(d) Contain, or link to, minimum contract information (e.g., contract number, company contact information, sponsoring (requiring activity) military unit contact information, and a summary of services or capability provided by the contract) necessary to establish and maintain accountability and visibility of the personnel and the contract capabilities in contingency operations, humanitarian or peacekeeping operations, or military exercises designated by the CCDR.

Section 861 of Public Law 110–181 required the identification of common databases among the DoD, DoS, and USAID to serve as repositories of information on contracts and contractor personnel in Iraq and Afghanistan. In a signed memorandum of understanding, the Agencies agreed that SPOT will serve as the interagency database for information on contractor personnel. Each Agency must require its contractors operating in contingency operations to input information into SPOT and ensure data integrity.

This request has been submitted to the Office of Management and Budget (OMB) for emergency approval. Any comments received on this notice will be addressed in a subsequent information collection package to be submitted to OMB under regular processing timeframes.
