

f. *Quality of the project evaluation* (20 points). The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors: (i) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies; and (ii) the extent to which the methods of evaluation will provide timely guidance for quality assurance.

2. *Review of Applications—Novice Applicants and Non-Novice Applicants.* The Department will rank and fund two groups of applicants separately: novice applicants will comprise one group, and non-novice applicants, including previous grantees under the Native Hawaiian Education program, will comprise the second group. If we do not receive a sufficient number of high quality applications from novice applicants, funds set aside for novice applicants may be used to fund applications submitted by non-novice applicants.

An applicant is considered a “novice applicant” if it meets the following criteria in 34 CFR 75.225(a)(1) and (b):

The applicant must—

- (i) Have never received a grant or subgrant under the Native Hawaiian Education program;
- (ii) Have never been a member of a group application, submitted in accordance with 34 CFR 75.127 through 75.129, that received a grant under the Native Hawaiian Education program; and
- (iii) Have not had an active discretionary grant from the Federal Government in the five years before the deadline date for applications in this competition. For purposes of this requirement, a grant is active until the end of the grant’s project or funding period, including any extensions of those periods that extend the grantee’s authority to obligate funds.

34 CFR 75.225(a)(2) addresses the requirements for group applications submitted by novice applicants. In the case of a group application submitted in accordance with 34 CFR 75.127 through 75.129, each group member must meet the requirements in 34 CFR 75.225(a)(1) and (b), previously described in this section of the notice, in order to qualify as a novice applicant.

All applicants should follow the instructions in the application package to ensure they properly indicate in their application their status as a novice or non-novice applicant.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department has developed the following performance measures for evaluating the overall effectiveness of the Native Hawaiian Education program:

- (1) The percentage of Native Hawaiian students in schools served by the program who meet or exceed proficiency standards in reading, mathematics, and science on the State assessments;
- (2) The percentage of Native Hawaiian children participating in early education programs who consistently demonstrate school readiness in literacy as measured by the Hawaii School Readiness Assessment (HSRA);
- (3) The percentage of students in schools served by the program who graduate from high school with a regular high school diploma in four years; and
- (4) The percentage of students participating in a Hawaiian language program conducted under the Native Hawaiian Education Program who meet or exceed proficiency standards in

reading on a test of the Hawaiian language.

All grantees will be expected to submit an annual performance report that includes data addressing these performance measures, to the extent that they apply to the grantee’s project.

DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records—TRIO Programs Annual Performance Report (APR) System (TRIO APR)

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the Department of Education (Department) publishes this notice of a new system of records entitled "TRIO Programs Annual Performance Report (APR) System (TRIO APR)" (18–12–07).

The TRIO APR system collects information on individuals who participate in the Upward Bound, Student Support Services, and Ronald E. McNair Postbaccalaureate Achievement programs authorized under Title IV, Part A, Subpart 2 of the Higher Education Act of 1965, as amended. The Department collects this information to assist in monitoring grantee performance and to determine program outcomes in response to the requirements of the Government Performance and Results Act of 1993 (GPRA) (Pub. L. 103–62) and the Office of Management and Budget (OMB) Program Assessment Rating Tool (PART) process. To determine if the goals of the programs are being met, the academic progress of program participants must be tracked over multiple years. Collecting individual participant data, including the Social Security Number (SSN) for individual participants, is the most reliable method for matching records across years needed to determine program outcomes. Although the collection of the SSN is not required by statute, it serves a distinct business need of the Department. The SSN serves as a unique identifier for matching participant records across years. Although another unique identifier might be used for the APRs, the SSN is needed to match the APR data with other databases, such as the Federal Student Aid Application File (18–11–01) and the Recipient Financial Management System (18–11–02). Matching with these other databases can supplement APR information on participants' postsecondary enrollment and their persistence in and completion of programs of postsecondary education. Most project grantees are institutions of higher education that already collect SSNs for all students applying for Federal financial aid. The Department seeks comment on the new system of records described in this notice, in accordance with the requirements of the Privacy Act.

DATES: We must receive your comments about this new system of records on or before February 23, 2009.

The Department filed a report describing the new system of records covered by this notice with the Chair of the Senate Committee on Homeland

Security and Governmental Affairs, the Chair of the House Committee on Oversight and Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, OMB on January 15, 2009. This system of records will become effective at the later date of—(1) The expiration of the 40-day period for OMB review on February 24, 2009; or (2) February 23, 2009, unless the system of records needs to be changed as a result of public comment or OMB review.

ADDRESSES: Address all comments about this new system of records to Frances Bergeron, Team Leader, Program Management and Development, Federal TRIO Programs, Office of Postsecondary Education, U.S. Department of Education, 1990 K Street, NW., room 7059, Washington, DC 20006–8510. If you prefer to send comments through the Internet, use the following address: comments@ed.gov.

You must include the term "TRIO APR" in the subject line of your electronic message.

During and after the comment period, you may inspect all comments about this notice at the U.S. Department of Education in room 7059, 1990 K Street, NW., Washington, DC, between the hours of 8:00 a.m. and 4:30 p.m., Eastern time, Monday through Friday of each week except Federal holidays.

Assistance to Individuals With Disabilities in Reviewing the Rulemaking Record

On request, we will supply an appropriate aid, such as a reader or print magnifier, to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for this notice. If you want to schedule an appointment for this type of aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

FOR FURTHER INFORMATION CONTACT: Frances Bergeron. Telephone number: (202) 502–7528. If you use a telecommunications device for the deaf (TDD), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

Individuals with disabilities can obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in this section.

SUPPLEMENTARY INFORMATION:

Introduction

The Privacy Act (5 U.S.C. 552a(e)(4)) requires the Department to publish in the **Federal Register** this notice of a new

system of records maintained by the Department. The Department's regulations implementing the Privacy Act are contained in the Code of Federal Regulations (CFR) in part 5b of title 34.

The Privacy Act applies to a record about an individual that is maintained in a system of records from which individually identifying information is retrieved by a unique identifier associated with each individual, such as a name or SSN. The information about each individual is called a "record," and the system, whether manual or computer-based, is called a "system of records."

The Privacy Act requires each agency to publish a system of records notice in the **Federal Register** and to submit, whenever the agency publishes a new system of records or makes a significant change to an established system of records, a report to the Administrator of the Office of Information and Regulatory Affairs, OMB. Each agency is also required to send copies of the report to the Chair of the Committee on Oversight and Government Reform of the House of Representatives, and to the Chair of the Committee on Homeland Security and Governmental Affairs of the Senate.

(5) *Enforcement Disclosure.* In the event that information in this system of records indicates, either on its face or in connection with other information, a violation or potential violation of any applicable statutory, regulatory, or legally binding requirement, the Department may disclose the relevant records to the appropriate agency, whether foreign, Federal, State, Tribal, or local, charged with the responsibility of investigating or prosecuting that violation or charged with enforcing or implementing the statute, Executive order, rule, regulation, or order issued pursuant thereto.

(6) *Litigation and Alternative Dispute Resolution (ADR) Disclosure.*

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The Department's data collection contractor, CBMI, annually collects records from grantees via a secure Web site and prepares databases of the records by program. CBMI transfers the data via a secure File Transfer Protocol site to NORC that maintains the system of records and is responsible for analyzing the data. Archival and analysis copies of the databases are maintained on NORC's secure servers and in other electronic storage media. The data are submitted electronically and stored electronically; paper records of the individual student data are not collected.

RETRIEVABILITY:

The records are indexed by the grant number(s) assigned to each project. The following data elements are used for matching participant records with prior year's data and with other data sources: SSN, first and last name, and date of birth. Electronic files on participants can be accessed through these data elements.

SAFEGUARDS:

Access to the records is limited to authorized personnel only. All physical access to the Department's site and to the sites of the Department's contractors where the data is collected and this system of records maintained is controlled and monitored by security personnel who check each individual entering the buildings for his or her employee or visitor badge.

The computer systems employed by the Department and by the Department's contractors offer a high degree of resistance to tampering and circumvention. The data reside in secured facilities on secured servers behind a Department-approved firewall system that continuously monitors for intrusion and unauthorized access. Access to the data is permitted only for contractor staff who support the data collection or data analysis and a small number of Department staff who have a need for the data to perform their responsibilities. Contractor staff have appropriate security clearances and also sign confidentiality and non-disclosure agreements to protect against unauthorized disclosure of confidential information.

RETENTION AND DISPOSAL:

The retention and disposal of records associated with the TRIO APR system is currently unscheduled pending National Archives and Records

Administration (NARA) approval of a records retention schedule. Until a NARA-approved records schedule is in effect, no records will be destroyed.
