#### SUPPLEMENTARY INFORMATION:

##### Background

Title V of the Trade and Development  
Act of 2000 (the Act) created two tariff  
rate quotas (TRQs), providing for

temporary reductions in the import  
duties on limited quantities of two  
categories of worsted wool fabrics  
suitable for use in making suits, suit-  
type jackets, or trousers: (1) For worsted  
wool fabric with average fiber diameters  
greater than 18.5 microns (Harmonized  
Tariff Schedule of the United States  
(HTS) heading 9902.51.11); and (2) for  
worsted wool fabric with average fiber  
diameters of 18.5 microns or less (HTS  
heading 9902.51.12). On August 6, 2002,  
President Bush signed into law the  
Trade Act of 2002, which includes  
several amendments to Title V of the  
Act. On December 3, 2004, the Act was  
further amended pursuant to the  
Miscellaneous Trade Act of 2004, Public  
Law 108-429. The 2004 amendment  
included authority for the Department  
to allocate a TRQ for new HTS category,  
HTS 9902.51.16. This HTS category  
refers to worsted wool fabric with  
average fiber diameter of 18.5 microns  
or less. The amendment provided that  
HTS 9902.51.16 is for the benefit of  
persons (including firms, corporations,  
or other legal entities) who weave such  
worsted wool fabric in the United States  
that is suitable for making men's and  
boys' suits. The TRQ for HTS  
9902.51.16 provided for temporary  
reductions in the import duties on  
2,000,000 square meters annually for  
2005 and 2006. The amendment  
requires that the TRQ be allocated to  
persons who weave worsted wool fabric  
with average fiber diameter of 18.5  
microns or less, which is suitable for  
use in making men's and boys' suits, in  
the United States. On August 17, 2006,  
the Act was further amended pursuant  
to the Pension Protection Act of 2006,  
Public Law 109-280, which extended  
the TRQ for HTS 9902.51.16 through  
2009. The Emergency Economic  
Stabilization Act of 2008 extended the  
TRQ for HTS 9902.51.16 through 2014.

On October 24, 2005, the Department  
adopted final regulations establishing  
procedures for allocating the TRQ. *See*  
70 FR 61363; 19 CFR 335. In order to  
be eligible for an allocation, an  
applicant must submit an application on  
the form provided at [http://  
web.ita.doc.gov/tacgi/wooltrq.nsf/  
TRQApp/fabric](http://web.ita.doc.gov/tacgi/wooltrq.nsf/TRQApp/fabric) to the address listed  
above by 5 p.m. on October 2, 2009 in  
compliance with the requirements of 15  
CFR part 335. Any business confidential  
information that is marked business  
confidential will be kept confidential  
and protected from disclosure to the full  
extent permitted by law.

Dated: August 27, 2009.

#### SUPPLEMENTARY INFORMATION:

##### I. Introduction

The Consumer Product Safety Act ("CPSA"), at section 14(a)(3)(B)(vi), as added by section 102(a)(2) of the Consumer Product Safety Improvement Act of 2008 ("CPSIA"), Public Law 110-314, directs the CPSC to publish a notice of requirements for accreditation of third party conformity assessment bodies (also referred to as "third party laboratories") to assess children's products for conformity with "other children's product safety rules." Section 14(f)(1) of the CPSA defines "children's product safety rule" as "a consumer product safety rule under [the CPSA] or similar rule, regulation, standard, or ban under any other Act enforced by the Commission, including a rule declaring a consumer product to be a banned hazardous product or substance." Under section 14(a)(3)(A) of the CPSA, each manufacturer (including the importer) or private labeler of products subject to those regulations must have products that are manufactured more than 90 days after the **Federal Register** publication date of this notice tested by a third party conformity assessment body accredited to do so and must issue a certificate of compliance with the applicable regulations based on that testing. (The Commission notes, however, that in the **Federal Register** of February 9, 2009 (74 FR 6396), the Commission announced a stay of
