

materially injured by reason of imports from Argentina of the subject merchandise. *See Ni-Resist Piston Inserts from Argentina and Korea; Determinations*, Investigation Nos. 701-TA-460-461 (Preliminary), 74 FR 12898 (March 25, 2009).

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this investigation are addressed in the Decision Memorandum dated concurrently with, and which is hereby adopted by this notice. Attached to this notice as an Appendix is a list of the issues that parties raised and to which we have responded in the Decision Memorandum. Parties can find a complete discussion of all issues raised in this investigation and the corresponding recommendations in this public memorandum, which is on file in the Department's Central Records Unit. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn/>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Suspension of Liquidation

In accordance with section 705(c)(1)(B)(i)(I) of the Tariff Act of 1930, as amended (the Act), we have calculated an individual rate for Clorindo, the only company under investigation. We determine that the total estimated net countervailable subsidy rate is 6.81 percent *ad valorem*. The All Others rate is 6.81 percent *ad valorem*, which is the rate calculated for Clorindo.

As a result of the *Preliminary Determination* and pursuant to section 703(d) of the Act, we instructed the U.S. Customs and Border Protection to suspend liquidation of all entries of Ni-resist piston inserts from Argentina which were entered or withdrawn from warehouse, for consumption on or after July 6, 2009, the date of the publication of the *Preliminary Determination* in the **Federal Register**.

We will issue a countervailing duty order under section 706(a) of the Act if the ITC issues a final affirmative injury determination, and will require a cash deposit of estimated countervailing duties for such entries of merchandise in the amounts indicated above. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or canceled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our determination. In addition, we are making available to the ITC all non-privileged and non-proprietary information related to this investigation. We will allow the ITC access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Import Administration.

Return or Destruction of Proprietary Information

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This determination is published pursuant to sections 705(d) and 777(i) of the Act.

Dated: September 14, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.
