

Written requests for information should contain the full name of the individual, current address, telephone number, and the DLA Primary Level Field Activity which provided the subsidy.

CONTESTING RECORD PROCEDURES:

The DLA rules for accessing records, for contesting contents, and appealing initial agency determinations are contained in 32 CFR part 323, or may be obtained from the DLA Privacy Act Office, Headquarters, Defense Logistics Agency, ATTN: DGA, 8725 John J. Kingman Road, Suite 1644, Fort Belvoir, VA 22060-6221.

RECORD SOURCE CATEGORIES:

Applicant requesting transit subsidies; vanpool owner/operator; other federal agencies providing information regarding fare subsidies; and from periodic certifications and reports regarding fare subsidies.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2009-OS-0136]

Privacy Act of 1974; System of Records

AGENCY: Defense Intelligence Agency, DoD.

ACTION: Notice to delete systems of records.

SUMMARY: The Defense Intelligence Agency is deleting a system of records notice from its existing inventory of records systems subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended.

DATES: This proposed action will be effective without further notice on October 22, 2009 unless comments are received which result in a contrary determination.

ADDRESSES: DIA Privacy Act Coordinator, Records Management Section, 200 McDill Blvd., Washington, DC 20340.

FOR FURTHER INFORMATION CONTACT: Ms. Theresa Lowery at (202) 231-1193.

SUPPLEMENTARY INFORMATION: The Defense Intelligence Agency systems of records notices subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address above.

The Defense Intelligence Agency is proposing to delete a system of records notice from its existing inventory of records systems subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended. This proposed deletion is not within the purview of subsection (r) of the Privacy Act of 1974, (5 U.S.C. 552a), as amended, which requires the submission of a new or altered system report.

Dated: September 15, 2009.

Patricia L. Toppings,

*OSD Federal Register Liaison Officer,
Department of Defense.*

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Intent To Prepare a Supplemental Environmental Impact Statement for a Proposed 278 Megawatt Circulating Fluidized Bed Electric Generating Unit and Associated Infrastructure To Be Constructed and Operated by East Kentucky Power Cooperative, Inc., in Clark County, KY

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent (NOI).

SUMMARY: East Kentucky Power Cooperative, Inc. (EKPC) has applied for a permit from the U.S. Army Corps of Engineers (Corps) to authorize unavoidable impacts to jurisdictional waters of the U.S. pursuant to Section 404 of the Clean Water Act (Section 404) and Section 10 of the Rivers and Harbors Act (Section 10). EKPC is proposing to construct and operate a 278 megawatt circulating fluidized bed electric generating unit (CFB) and associated infrastructure at the existing J.K. Smith Power Station (the Smith Site) in southern Clark County, Kentucky (Proposed Action). In addition to the CFB unit, other components of

the Proposed Action on the Smith Site include: An approximately one-mile, 345 kV electric transmission line; two (2) beneficial reuse structural fills using coal combustion by-products (CCB); two (2) landfills for the on-site disposal of CCB; an emergency drought water storage reservoir; several soil borrow areas for landfill cover and other site development uses; and a new water intake/outfall structure in the Kentucky River.

The Corps intends to prepare a Supplemental Environmental Impact Statement (SEIS) to evaluate the potential effects of the Proposed Action on the environment. The SEIS is to be based on a Final EIS and Record of Decision prepared by the U.S. Department of Energy in 2002/2003 for a proposed 540 megawatt coal-fired integrated gasification combined cycle (IGCC) electric generating plant at the same location, the Smith Site. That project, known as the Kentucky Pioneer IGCC Demonstration Project, was never built. USACE has reviewed the EIS prepared by DOE and, based on similarities between the two projects, has determined to adopt that EIS as the basis for USACE's review of the Proposed Action. USACE is preparing this Supplemental EIS (SEIS) to evaluate those aspects of the Proposed Action that are not substantially similar to the DOE project, as a result of changes in project parameters, existing environmental conditions, and relevant laws and regulations. Where appropriate, information from the DOE EIS will be incorporated in the SEIS.

A Notice of Intent (NOI) to prepare an SEIS for the Proposed Action was originally published in the **Federal Register** on October 6, 2006, by the Rural Utilities Service (RUS), an agency which administers the U.S. Department of Agriculture's Rural Development Utilities Programs. 71 FR 59070 (2006).

The Corps previously agreed to participate as a cooperating agency in the preparation of the SEIS in order to meet its NEPA obligations with respect to EKPC's request for a Section 404/Section 10 permit for the Proposed Action. As a result of the RUS decision to suspend financing for new baseload electric generation plants, RUS has informed the Corps that it does not intend to complete the SEIS at this time. Thus, the Corps has determined that it will assume the role of lead agency in order to complete the SEIS and satisfy its NEPA obligations with respect to EKPC's request for a Section 404/Section 10 permit for the Proposed Action.

FOR FURTHER INFORMATION CONTACT:

Questions about the Proposed Action and SEIS should be addressed to Michael Hasty, Project Manager, Regulatory Branch, Louisville District, at (502) 315-6676, e-mail Michael.D.Hasty@usace.army.mil.

SUPPLEMENTARY INFORMATION: 1.

Proposed Action. The project proposed by EKPC would include the construction and operation of a 278-megawatt CFB unit and associated infrastructure on the 3,272-acre Smith Site owned by EKPC in southern Clark County, Kentucky. The Proposed Action is needed to provide sufficient electric generating capacity to meet the baseload electric power needs of EKPC's rural member distribution cooperatives in 2013. Fuel would be supplied to the plant site by rail or truck. The construction of a substation and approximately one mile of 345 kV transmission line on the Smith Site would be required to connect the CFB unit to EKPC's transmission system at the existing, on-site J.K. Smith 345 kV Switching Station.

The discharge of fill material into waters of the U.S. would be required for the construction of two (2) CCB beneficial reuse structural fills; two (2) on-site CCB landfills; an emergency drought water storage reservoir; and several soil borrow areas for landfill cover and other on-site uses. The Proposed Action also would include the construction of a combined water supply intake and process water discharge outfall in the Kentucky River. EKPC's schedule calls for the proposed facility to be operational by spring 2013.

2. Alternatives. Alternatives to be considered by the Corps include no action, purchased power, renewable energy sources, distributed generation, non-renewable energy resources (including the Proposed Action), nuclear, demand side management, and alternative site locations. The Corps' review of alternatives also will include the application of the Section 404(b)(1) guidelines to ensure the avoidance, minimization, and mitigation of impacts to aquatic resources.

3. Scoping Process. RUS previously engaged in a scoping process for the Proposed Action that will serve as the basis for the SEIS. Following RUS's October 6, 2006 NOI, that agency conducted scoping meetings for government agencies and the public in Trapp, Kentucky, on October 18, 2006. An Alternatives Evaluation and Site Selection Study (Alternatives Report), prepared by EKPC, was made available for review at the scoping meeting and on the RUS Web site. That Alternatives

Report and the Public Scoping Report developed as a result of the scoping process and scoping meetings are available for public review at the Corps at the address provided in this notice, and on EKPC's Web site at <http://www.ekpc.coop/smith-unit1.html>.

Because the Corps has participated as a cooperating agency with RUS in the NEPA process, and because the nature of the Proposed Action has not changed materially (except with the reduction from two CFB units to one CFB unit), the Corps intends to rely on the prior scoping process to complete and publish the Draft SEIS. In addition the Corps will continue consultations with the appropriate agencies.

4. Availability. The Draft SEIS is anticipated to be available for public review and comment in September or October 2009.

Dated: September 8, 2009.

Keith A. Landry,

Colonel, Corps of Engineers, District Commander.

BILLING CODE 3710-JB-P

DEPARTMENT OF DEFENSE**Department of the Army**

[Docket ID: USA-2009-0026]

Privacy Act of 1974; System of Records

AGENCY: Department of the Army, DoD.

ACTION: Notice to alter a system of records.

SUMMARY: The Department of the Army is proposing to alter a system of records in its existing inventory of records systems subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended.

DATES: The proposed action will be effective on October 22, 2009 unless comments are received that would result in a contrary determination.

ADDRESSES: Department of the Army, Privacy Office, U.S. Army Records Management and Declassification Agency, 7701 Telegraph Road, Casey Building, Suite 144, Alexandria, VA 22325-3905.

FOR FURTHER INFORMATION CONTACT: Mr. Leroy Jones, (703) 428-6185.

SUPPLEMENTARY INFORMATION: The Department of the Army systems of records notices subject to the Privacy Act of 1974, (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address above.

The proposed system report, as required by 5 U.S.C. 552a(r) of the

Privacy Act of 1974, as amended, was submitted on September 4, 2009, to the House Committee on Oversight and Government Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records About Individuals,' dated February 8, 1996 (February 20, 1996, 61 FR 6427).

Dated: September 11, 2009.

Patricia L. Toppings,

OSD Federal Register Liaison Officer, Department of Defense.
