Prestressed Concrete Steel Wire Strand From the People's Republic of China: Postponement of the Preliminary Determination of the Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 26, 2009.

FOR FURTHER INFORMATION CONTACT: Alan Ray, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-5403.

Background

On June 23, 2009, the Department of Commerce ("Department") published the initiation of the investigation of prestressed concrete steel wire strand ("PC Strand") from the People's Republic of China ("PRC"), covering the period of October 1, 2008, through March 31, 2009.¹ On July 28, 2009, the Department selected two companies as mandatory respondents for this investigation: Tianjin Shengte PC Steel Strand Co., ("Tianjin Shengte") and Silvery Dragon PC Steel Products ("Silvery Dragon").²

On August 7, 2009, the Department received a letter from Silvery Dragon stating that the company would no longer be participating in the investigation. Tianjin Shengte failed to properly file a response to the Department's questionnaire in a timely manner. Since the two originally selected mandatory respondents no longer participated, the Department determined that it was appropriate in this case to replace them with two new additional respondents. On August 14, 2009, the Department selected Jiangxi Xinhua Metal Products Co. as a mandatory respondent,³ and on

² Memorandum to James C. Doyle, Office 9 Director, through Alex Villanueva, Office 9 Program Manager, from Alexis Polovina, Office 9 Case Analyst, dated July 28, 2009, Antidumping Duty Investigation of Prestressed Concrete Steel Wire Strand from the People's Republic of China ("PRC"): Respondent Selection ("Respondent Selection Memo").

³ Memorandum to the File from Alan Ray, Office 9 Case Analyst, through Alex Villanueva, Office 9 Program Manager, dated August 14, 2009,

Continued

September 11, 2009, the Department selected Wuxi Jingyang Metal Products Co. as a voluntary respondent.⁴ The preliminary determination of this antidumping duty investigation is currently due on November 3, 2009.

Statutory Time Limits

Pursuant to section 733(c)(1)(B) of the Tariff Act of 1930, as amended ("the Act"), the Department can extend the period for a preliminary determination until not later than 190 days after the date on which the administrative authority initiates an investigation if the Department concludes that the parties concerned are cooperating and determines that:

The case is extraordinarily complicated by the reason of (I) The number and complexity of the transactions to be investigated or adjustments to be considered, (II) the novelty of the issues presented, or (III) the number of firms whose activities must be investigated, and (ii) additional time is necessary to make the preliminary determination.

Extension of Time Limit of Preliminary Determination

Because the Department replaced both of the originally selected mandatory respondents in this investigation, thereby making it extraordinarily complicated to properly prepare a preliminary determination within the original statutory timeframe, the Department finds it necessary to extend the current preliminary determination deadline. Moreover, on October 6, 2009, Petitioners⁵ made a timely request pursuant to 733(c)(1)(B)(i) of the Act for a thirty-day postponement of the preliminary determination.

Therefore, for the reasons identified above, we are postponing the preliminary determination under section 733(c)(1)(B) of the Act by thirty days from November 3, 2009, to December 3, 2009.

This notice is published pursuant to sections 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Introduction

The Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1801 *et seq.*, as amended by the Sustainable Fisheries Act, Public Law 104-297, provided for the establishment of Advisory Panels to assist in the collection and evaluation of information relevant to the development of any Fishery Management Plan (FMP) or FMP amendment. The HMS AP has consulted with NMFS on the HMS FMP (April 1999), Amendment 1 to the

Billfish FMP (April 1999), Amendment 1 to the HMS FMP (November 2003), the Consolidated HMS FMP (July 2006), and Amendments 1, 2, 3, and 4 to the Consolidated HMS FMP (April 2008, September 2008, February 2009 and September 2009, respectively).

Procedures and Guidelines

A. Nomination Procedures for Appointments to the Advisory Panel

Nomination packages should include:

1. The name of the applicant or nominee and a description of his/her interest in HMS or in particular species of sharks, swordfish, tunas, or billfish;
2. A statement of background and/or qualifications;
3. A written commitment that the applicant or nominee shall actively participate in good faith in the tasks of the AP; and
4. A list of outreach resources that the applicant has at his/her disposal to communicate HMS issues to various interest groups.

Tenure for the HMS AP

Member tenure will be for 3 years (36 months), with approximately one-third of the members' terms expiring on December 31 of each year. Nominations are sought for terms beginning January 2010 and expiring December 2012.

B. Participants

Nominations for the AP will be accepted to allow representation from commercial and recreational fishing interests, the scientific community, and the conservation community who are knowledgeable about Atlantic HMS and/or Atlantic HMS fisheries. Current representation on the HMS AP, as shown in Table 1, consists of 12 members representing commercial interests, 12 members representing recreational interests, 4 members representing environmental interests, 4 academic representatives, and 1 International Commission for the Conservation of Atlantic Tunas (ICCAT) Advisory Committee Chairperson. Each AP member serves a three-year term with approximately one-third (11) of the total number of seats (33) expiring on December 31 of each year. NMFS seeks to fill 3 academic, 2 commercial, and 5 recreational vacancies by December 31, 2009. NMFS will seek to fill vacancies based primarily on maintaining the current representation from each of the sectors, and secondarily by species expertise and/or representation from the regions (Northeast, Mid-Atlantic, South Atlantic, Gulf of Mexico, and Caribbean). Table 1 includes the current representation on the HMS AP by sector
