

Fifth Principal Meridian, Minnesota

The plat of survey represents the dependent resurvey of a portion of the East boundary, a portion of the subdivision lines, and the dependent resurvey and survey of the subdivision of Sections 13, 15, 25, and 33, of Township 146 North, Range 40 West, of the Fifth Principal Meridian, in the State of Minnesota, and was accepted September 30, 2009.

We will place copies of the plats we described in the open files. They will be available to the public as a matter of information.

If BLM receives a protest against a survey, as shown on the plat, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file a plat until the day after we have accepted or dismissed all protests and they have become final, including decisions on appeals.

Dated: October 30, 2009.

Dominica Van Koten,

Chief Cadastral Surveyor.

SUPPLEMENTARY INFORMATION:**Introduction**

With this notice, we initiate our process for developing a CCP and a Hunt Plan for the Cokeville Meadows NWR, in Lincoln County, WY. This notice complies with our CCP policy to (1) advise other Federal and State agencies, Tribes, and the public of our intention to conduct detailed planning on this refuge and (2) obtain suggestions and information on the scope of issues to consider in the environmental document and during development of the CCP and the Hunt Plan.

Background*The CCP Process*

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Each unit of the National Wildlife Refuge System was established for

specific purposes. We use these purposes as the foundation for developing and prioritizing the management goals and objectives for each refuge within the National Wildlife Refuge System mission and to determine how the public can use each refuge. The planning process is a way for us and the public to evaluate management goals and objectives that will ensure the best possible approach to wildlife, plant, and habitat conservation, while providing for wildlife-dependent recreation opportunities that are compatible with each refuge's establishing purposes and the mission of the National Wildlife Refuge System.

Our CCP process provides participation opportunities for Tribal, State, and local governments; agencies; organizations; and the public. At this time we encourage input in the form of issues, concerns, ideas, and suggestions for the future management of Cokeville Meadows NWR.

We will conduct the environmental review of this project and develop an Environmental Assessment in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*); NEPA regulations (40 CFR parts 1500-1508); other appropriate Federal laws and regulations; and our policies and procedures for compliance with those laws and regulations.

Cokeville Meadows National Wildlife Refuge

Cokeville Meadows NWR was established for the conservation of the wetlands of the Nation in order to maintain the public benefits they provide and to help fulfill international obligations contained in various migratory bird treaties and conventions as well as for use as an inviolate sanctuary for migratory birds. This refuge contains a mosaic of wet meadows and cattail/bulrush sloughs. Many of these wetlands were originally created and maintained by agricultural practices. Cokeville Meadows NWR provides nesting habitat for 32 water bird species and, if developed, these habitats could provide suitable nesting habitat for the trumpeter swan, a species of management concern. Refuge habitats also provide important habitat for resident species. Greater sage grouse use upland sagebrush areas for nesting while riparian areas provide important feeding sites for their broods. Big game, including antelope, mule deer, and elk also utilize Refuge habitats.

Public Meetings

The public will have an opportunity to provide input at two public meetings.

Date	Time	Location
November 17, 2009	6–9 p.m.	Cokeville High School, Auditorium, 435 Pine Street, Cokeville, WY 83114.
November 18, 2009	6–9 p.m.	Best Western Fossil Country Inn & Suites, Conference Room, 760 Highway 189/30, Kemmerer, WY 83101.

You may also send comments anytime during the planning process by mail, e-mail, or fax (*see ADDRESSES*). There will be additional opportunities to provide public input once we have prepared a draft CCP.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 701–TA–460 (Final)]

Ni-Resist Piston Inserts From Argentina; Determination

On the basis of the record¹ developed in the subject investigation, the United States International Trade Commission (Commission) determines, pursuant to section 705(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)) (the Act), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of imports from Argentina of Ni-resist piston inserts, provided for in subheading 8409.99.91 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be subsidized by the Government of Argentina.

Background

The Commission instituted this investigation effective January 26, 2009, following receipt of a petition filed with the Commission and Commerce by Korff Holdings LLC d/b/a Quaker City Castings, Salem, OH. The final phase of the investigation was scheduled by the

Commission following notification of a preliminary determination by Commerce that imports of Ni-resist piston inserts from Argentina were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)). Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 17, 2009 (74 FR 34784, July 6, 2009). The hearing was held in Washington, DC, on September 17, 2009, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on October 29, 2009. The views of the Commission are contained in USITC Publication 4104 (October 2009), entitled *Ni-resist Piston Inserts from Argentina: Investigation No. 701–TA–460 (Final)*.

By order of the Commission.

Issued: October 29, 2009.

Marilyn R. Abbott,

Secretary to the Commission.
