SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: 49 CFR 571.403, Platform lift systems for motor vehicles and 49 CFR 571.404, Platform lift installations in motor vehicles.

OMB Number: 2127-0621.

Type of Request: Extension of a currently approved collection.

Abstract: FMVSS No. 403, Platform lift systems for motor vehicle, establishes minimum performance standards for platform lifts designed for installation on motor vehicles. Its purpose is to prevent injuries and fatalities to passengers and bystanders during the operation of platform lifts that assist persons with limited mobility in entering and leaving a vehicle. FMVSS No. 404, "Platform lift installations in motor vehicles," places specific requirements on vehicle manufacturers or alterers who install platform lifts in new vehicles. Under these regulations, lift manufacturers must certify that their lifts meet the

requirements of FMVSS No. 403 and must declare the certification on the owner's manual insert, the installation instructions, and the lift operating instruction label. Certification of compliance with FMVSS No. 404 is on the certification label already required of vehicle manufacturers and alterers under 49 CFR part 567. Therefore, lift manufacturers must produce an insert that is placed in the vehicle owner's manual, installation instructions, and one or two labels that are placed near the controls of the lift.

Affected Public: Business or other-for-profit organizations.

Estimated Total Annual Burden: There is no burden to the general public.

ADDRESSES: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued: January 27, 2009.
