

the Comprehensive Environmental Response, Compensation and Liability Act. All parcels are subject to the requirements of section 120(h) (42 U.S.C. Section 9620) holding the United States harmless from any release of hazardous materials that may have occurred as a result of the unauthorized use of the property by other parties. No Warranty of any kind, express or implied, is given by the United States as to the title, physical condition or potential uses of the parcel of land proposed for sale.

4. All the parcels are subject to valid existing rights.

The mineral interests being offered for conveyance have no known mineral value. A successful bid constitutes an application for conveyance of the mineral interest. In addition to the full purchase price, a nonrefundable filing fee of \$50 will be required by the successful bidder for purchase of the mineral interests to be conveyed simultaneously with the sale of the land with the exception of all leasable minerals, including oil, gas and geothermal interests, which will be reserved to the United States in accordance with Section 209 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1719).

On February 3, 2009, the above described lands will be segregated from appropriation under the public land laws, including the mining laws, except the sale provisions of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1719). Until completion of the sales, the Bureau of Land Management is no longer accepting land use applications affecting the identified public lands, except applications for the amendment of previously filed right-of-way applications or existing authorizations to increase the term of existing grants in accordance with 43 CFR 2807.15 and 2886.15. The effect of segregation will terminate upon issuance of a patent, upon publication in the **Federal Register** of a termination of the segregation, or March 3, 2011, unless extended by the Bureau of Land Management, State Director, in accordance with 43 CFR 2711.1-2(d) prior to the termination date.

All bids must be submitted to the Klamath Falls Resource Area Office, 2795 Anderson Ave., Building #25, Klamath Falls, Oregon 97603, by no later than 4:30 p.m. PST, on April 8, 2009. The bids for Parcels I and II will be opened at 10 a.m. PST, on April 22, 2009, at the Klamath Falls Resource Area Office, 2795 Anderson Ave., Building #25, Klamath Falls, Oregon 97603.

Based upon receipt of valid bids, the Bureau of Land Management will offer the adjacent landowner the right to meet the highest bid and purchase the lands at an amount equal to the highest bid price, which must be not less than the market value as determined by the Secretary. If the adjacent landowner declines this offer, the bidder with the highest sealed bid price will be declared the high bidder. The outside of the bid envelope must be clearly marked with either "BLM Land Sale Parcel I—OR—61509" or "BLM Land Sale Parcel II—OR—62015," and contain a statement showing the total amount of the bid, the bid opening date and the name, mailing address, and phone number of the entity making the bid. Bids must not be less than the appraised market value. Each sealed bid shall be accompanied by a certified check, postal money order, bank draft, or cashier's check made payable to the DOI-Bureau of Land Management, for not less than 20 percent of the amount of the bid. The successful bidder shall submit the remainder of the full bid price prior to the expiration of 180 days from the date of the sale. The successful bidder may exercise the option to pay in full at any time during this period. Failure to submit the full bid price, prior to the 180th day following the sale shall result in cancellation of the sale and the deposit shall be forfeited.

*Public Comments:* On or before March 20, 2009, any person may submit written comments regarding the proposed sales to the Bureau of Land Management Klamath Falls Resource Area Office, 2795 Anderson Ave., Building #25, Klamath Falls, Oregon 97603.

Comments, including names, street addresses, and other contact information of respondents, will be available for public review. Individual respondents may request confidentiality. If you wish to request that the Bureau of Land Management consider withholding your name, street address, and other contact information (such as Internet address, FAX or phone number) from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comment. The Bureau of Land Management will honor requests for confidentiality on a case-by-case basis to the extent allowed by law. The Bureau of Land Management will make available for public inspection in their entirety all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses.

Detailed information concerning these land sales, including the appraisals, planning and environmental documents, and mineral report is available for review at the Bureau of Land Management, Klamath Falls Resource Area, Bureau of Land Management, 2795 Anderson Ave., Building 25, Klamath Falls, Oregon 97603, during business hours. Inquires may also be directed to Mike Becholdt, (541) 885-4118, Assistant Field Manager, Klamath Falls Field Office, at the above address or Dan Stewardson, Realty Specialist, Bureau of Land Management, Lakeview District Office, (541) 947-6115. Objections will be reviewed by the Bureau of Land Management Lakeview District Manager who may sustain, vacate, or modify this realty action. In the absence of any objections, this proposal will become the final determination of the Department of the Interior.

**Authority:** 43 CFR 2711.1-2.

Dated: January 15, 2009.

**Donald J. Holmstrom,**  
Field Manager, Klamath Falls Resource Area.

## DEPARTMENT OF THE INTERIOR

### Minerals Management Service

[Docket No. MMS-2009-OMM-0001]

**MMS Information Collection Activity: 1010-0137, Historical Well Data Cleanup, Extension of a Collection; Comment Request; Agency Information Collection Activities: Proposed Collection; Comment Request**

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of extension of an information collection (1010-0137).

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in a Notice to Lessees and Operators (NTL) discussed below.

**DATES:** Submit written comments by April 6, 2009.

**ADDRESSES:** You may submit comments by either of the following methods listed below.

- Electronically: go to <http://www.regulations.gov>. Under the tab "More Search Options," click Advanced

Docket Search, then select "Minerals Management Service" from the agency drop-down menu, then click "submit." In the Docket ID column, select MMS-2009-OMM-0001 to submit public comments and to view supporting and related materials. Information on using *Regulations.gov*, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link. The MMS will post all comments.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Cheryl Blundon; 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference "Information Collection 1010-0137" in your subject line and mark your message for return receipt. Include your name and return address in your message text.

**FOR FURTHER INFORMATION CONTACT:**

Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the subject collection of information.

**SUPPLEMENTARY INFORMATION:**

*Title:* Historical Well Data Cleanup; Wells Without Assigned MMS API Numbers—NTL.

*OMB Control Number:* 1010-0137.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

The OCSLA at 43 U.S.C. 1332(6) states that "operations in the [O]uter Continental Shelf should be conducted in a safe manner by well-trained personnel using technology, precautions, and techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstruction to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property, or endanger life or health."

The MMS's Historical Well Data Cleanup requests operators to supply missing data or corrected data for wells drilled prior to January 2000 that do not have an assigned API number. This notice announces our intention to request a 3-year extension for this information collection.

The information we collect under this NTL, is missing data for wellbores that MMS has not assigned API numbers and other well data discovered as missing while completing the well database cleanup. We are not able to manage and utilize data from drilling operations accurately without the information for the missing wells. We will use the information to identify other well data (e.g., logs, surveys, tests) missing from our records, geologically map existing MMS data to the correct wellbore/ location, and correctly exchange information with the operators and industry. Our geoscientists can use the information to evaluate resources for lease sales for fair market value. With respect to safety concerns, we believe that there may be anywhere from 3,000 to 6,000 unidentified completed and abandoned wellbores (bypasses and sidetracks), some of which may contain stuck drill pipe or other materials. In approving permits and other operations in an area, it is important for us to know what may be adjacent to or near the vicinity of the activity we are approving to minimize the risk of blowouts, loss of well control, and endangerment to life, health, and the environment. This is particularly important as, over the years, the number of wells drilled constantly increases, thereby increasing the risk to adjacent activities if operators are not aware of what might be in the area.

We will protect information respondents submit that is considered proprietary under the Freedom of Information Act (5 U.S.C. 552), its implementing regulations (43 CFR part 2), and 30 CFR 250.197. Data and information to be made available to the public or for limited inspection. No items of a sensitive nature are collected. Responses are mandatory.

*Frequency:* On occasion.

*Estimated Number and Description of Respondents:* Approximately 130 Federal OCS oil, gas, and sulphur lessees.

*Estimated Reporting and Recordkeeping "Hour" Burden:* The currently approved annual reporting burden for this collection is 15,000 hours for approximately 6,000 wells, based on:

(1) 0.5 hours to locate and copy a summary of drilling operations (e.g., scout tickets) for each well.

(2) 2 hours to retrieve and analyze each well file and retrieve other missing data.

There are no recordkeeping requirements.

*Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden:*

We have identified no paperwork non-hour cost burdens for this collection.

*Public Disclosure Statement:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

*Comments:* Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \* ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the "non-hour cost" burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of

customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

**Public Comment Procedures:** Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**MMS Information Collection Clearance Officer:** Arlene Bajusz (202) 208-7744.

Dated: January 27, 2009.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### 60-Day Notice of Intention To Request Clearance of Collection of Information; Opportunity for Public Comment

**AGENCY:** Department of the Interior, National Park Service.

**ACTION:** Notice and request for comments.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service (NPS) invites public comments on an extension of a currently approved collection of information (OMB #1024-0009).

**DATES:** Public comments on this Information Collection Request (ICR) will be accepted on or before April 6, 2009.

**ADDRESSES:** Send comments to: Michael J. Auer, NPS Heritage Preservation Services, 1849 C St., NW (2255), Washington, DC 20240; or via phone at 202/354-2031; or via fax at 202/371-1666; or via e-mail at [michaelauer@nps.gov](mailto:michaelauer@nps.gov). Also, you may send comments to Leonard E. Stowe, NPS Information Collection Clearance Officer, 1201 Eye St., NW. (2605), Washington, DC 20005; or via e-mail at [leonardstowe@nps.gov](mailto:leonardstowe@nps.gov). All responses to

the Notice will be summarized and included in the request for the Office of Management and Budget (OMB) approval. All comments will become a matter of public record.

#### TO REQUEST A DRAFT OF PROPOSED

#### COLLECTION OF INFORMATION CONTACT:

Michael J. Auer, NPS Heritage Preservation Services, 1849 C St., NW (2255), Washington, DC. 20005; or via phone at 202/354-2031; or via fax at 202/371-1666; or via e-mail at [michaelauer@nps.gov](mailto:michaelauer@nps.gov). You are entitled to a copy of the entire ICR package free of charge once the package is submitted to OMB for review. You can access this ICR at <http://www.reginfo.gov/public/>.

#### SUPPLEMENTARY INFORMATION: Title:

Historic Preservation Certification Application—36 CFR Part 67 Form(s): 10-168 (Evaluation of Significance); 10-168a (Description of Rehabilitation); 10-168b (Continuation/Amendment Sheet); 10-168c (Certification of Completed Work).

**OMB Control Number:** 1024-0009.

**Expiration Date:** 9/30/2009.

**Type of Request:** Extension of a currently approved collection of information.

**Description of Need:** Section 47 of the Internal Revenue Code requires that the Secretary of the Interior certify to the Secretary of the Treasury upon application by owners of historic properties for Federal tax benefits: (a) The historic character of the property, and (b) that the rehabilitation work is consistent with that historic character. The NPS administers the program with the Internal Revenue Service. NPS uses the Historic Preservation Certification Application to evaluate the condition and historic significance of buildings undergoing rehabilitation for continued use, and to evaluate whether the rehabilitation work meets the Secretary of the Interior's Standards for Rehabilitation. The Department of the Interior regulation 36 CFR Part 67 contains a requirement for completion of an application form. The information required on the application form is needed to allow the authorized officer to determine if the applicant is qualified to obtain historic preservation certifications from the Secretary of the Interior. These certifications are necessary in order for an applicant to receive substantial Federal tax incentives authorized by Section 47 of the Internal Revenue Code. These incentives include 20% Federal income tax credit for the rehabilitation of historic buildings and an income tax deduction for the donation of easements on historic properties. The Internal Revenue Code also provides 10%

Federal income tax credit for the rehabilitation of non-historic buildings built before 1936, and owners of non-historic buildings in historic districts must also use the application to obtain a certification from the Secretary of the Interior that their building does not contribute to the significance of the historic district before they claim this lesser tax credit for rehabilitation. The obligation to respond is required to obtain and retain benefits.

#### Description of respondents:

Individuals or households, businesses or other for-profit entities.

**Estimated average number of respondents:** 4,000 per year.

**Estimated average number of responses:** 4,000 per year.

**Frequency of Response:** 1 per respondent.

**Estimated average time burden per respondent:** 20 hours.

**Estimated total annual reporting burden:** 80,000 hours per year.

**Comments are invited on:** (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information being collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: January 12, 2009.
