The Department of Homeland Security/Federal Emergency Management Agency (DHS/FEMA) and the Department of Housing and Urban Development (HUD) have recently begun work on an initiative to Strengthen Disaster Recovery for the Nation. At the President's request, the Secretaries of Homeland Security and Housing and Urban Development are co-chairing a Long Term Recovery Working Group composed of the Secretaries and Administrators of more than 20 departments, agencies, and offices. This high-level, strategic initiative will provide operational guidance for recovery organizations as well as make suggestions for future improvement. An intensive stakeholder outreach began in November 2009, involving State, local, and Tribal government representatives, as well as a wide array of private organizations and private non-profit

organizations, to inform these efforts. As a continuation of the stakeholder engagement effort, FEMA will be conducting a public teleconference with the National Advisory Council to brief them on the discussions that took place with stakeholders in November and to obtain the council's input on disaster recovery management issues and opportunities.

The meeting is open to the public. Although members of the public will not be allowed to comment orally during the meeting, they may file a written statement with the NAC before the date of the meeting. For those wishing to submit written comments, please follow the procedure noted above.

Dated: November 17, 2009.

W. Craig Fugate,

Administrator, Federal Emergency Management Agency.

DEPARTMENT OF THE INTERIOR**National Park Service****National Park Service Benefits-Sharing Final Environmental Impact Statement**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Availability of the Servicewide Benefits-Sharing Final Environmental Impact Statement.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of the Benefits-Sharing Final Environmental Impact Statement (FEIS) covering all units of the National Park System. The NPS requested and considered comments from sources including the public and other agencies in completing the FEIS. Three alternatives were evaluated in the FEIS, each of which would clarify the rights and responsibilities of researchers and National Park Service (NPS) management in connection with the use of valuable discoveries, inventions, and other developments that result from research involving specimens lawfully collected from units of the National Park System. The No Action Alternative allows scientists to conduct research that may lead to commercial products but without any obligation to share the benefits with NPS. Another alternative prohibits scientific research in national parks that is in any way associated with the development of commercial products. A third alternative, the

Environmentally Preferred Alternative, requires researchers who study material obtained under a Scientific Research and Collecting Permit to enter into benefits-sharing agreements with the NPS before using their research results for any commercial purpose. This Environmentally Preferred Alternative has three potential variations regarding the disclosure of royalty rate or related information: Always disclose, never disclose, or comply with confidentiality laws regarding disclosure. The Preferred Alternative implements the benefits-sharing agreement requirement, while complying with confidentiality laws regarding disclosure of royalty rate or related information.

DATES: The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final Environmental Impact Statement.

ADDRESSES: Information will be available for public inspection online at <http://parkplanning.nps.gov> (select "Washington Office" from the park menu and then follow the link for benefits-sharing), in the office of the National Park Service Associate Director for Natural Resource Stewardship and Science, 1849 C Street, NW., Washington, DC, and in the office of the Superintendent, Yellowstone National Park, Wyoming.

FOR FURTHER INFORMATION CONTACT: Susan Mills, Benefits-Sharing EIS, Center for Resources, P.O. Box 168, Yellowstone National Park, Wyoming 82190, (307) 344-2203, benefitseis@nps.gov.

Dated: October 5, 2009.

Final Environmental Impact Statement; Marin Headlands—Fort Baker Transportation Infrastructure and Management Plan; Golden Gate National Recreation Area; Marin County, CA; Notice of Approval of Record of Decision

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2),

the Department of the Interior, National Park Service has prepared and approved a Record of Decision (and Wetlands Statement of Findings) for the *Final Environmental Impact Statement* (Final EIS) for Transportation Infrastructure and Management Plan for Marin Headlands and Fort Baker areas of Golden Gate National Recreation Area. The requisite no-action "wait period" was initiated March 20, 2009, with the Environmental Protection Agency's **Federal Register** notification of the filing of the Final EIS.

Decision: As soon as practical Golden Gate National Recreation Area will begin to (1) rehabilitate or reconstruct roadway infrastructure and improve parking facilities; (2) provide for enhanced transit options; (3) protect or enhance wetlands and sensitive species habitat; (4) improve hiking trails and bicycle access; and (5) implement other resource stewardship strategies and area improvements identified and analyzed as the Preferred Alternative (Alternative 3) presented in the Final EIS. The full range of foreseeable environmental consequences was assessed, and appropriate mitigation measures identified. Both a No Action alternative and two additional "action" alternatives were also identified and analyzed. The selected alternative was deemed to be the "environmentally preferred" course of action.

Copies: Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, Golden Gate National Recreation Area, Building 201, Fort Mason, San Francisco, CA 94123 or via telephone request at (415) 561-2841.
