Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Gear-Marking Requirement for Atlantic Large Whale Take Reduction Plan.

OMB Control Number: 0648-0364.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 10,235.

Number of Respondents: 1,470.

Average Hours per Response: 5 minutes.

Needs and Uses: Gear-marking requirements in accordance with the Atlantic Large Whale Take Reduction Plan, developed under Section 118 of the Marine Mammal Protection Act, assist National Marine Fisheries Service (NMFS) in obtaining detailed information about which fisheries or specific parts of fishing gear are responsible for the incidental mortality and serious injury of right, humpback, and fin whales. Generally, only a portion of gear is recovered from an entangled whale and it is almost impossible to link that portion of gear to a particular fishery. Therefore, requiring fishermen to mark surface buoys and the buoy line provides NMFS with an additional source of information, which could then be used to determine the gear responsible for and the location of the entanglement event. The following fisheries are affected by this information collection: Northeast and Mid-Atlantic lobster trap/pot fisheries; Atlantic blue

crab trap/pot fisheries; Atlantic mixed species trap/pot fisheries targeting crab (red, Jonah, and rock), hagfish, finfish (black sea bass, scup, tautog, cod, haddock, pollock, redfish, and white hake), conch/whelk, and shrimp; Northeast anchored gillnet; Northeast drift gillnet; Mid-Atlantic gillnet; Southeast Atlantic gillnet; and Southeastern United States Atlantic shark gillnet.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: February 4, 2009.

Pure Magnesium from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 9, 2009.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–4243.

SUPPLEMENTARY INFORMATION:

Background

On May 5, 2008, the Department of Commerce (“the Department”) published in the **Federal Register** a notice for an opportunity to request an administrative review of the

antidumping duty order on pure magnesium from the People's Republic of China (“PRC”). See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 73 FR 24532 (May 5, 2008). Respondent, Tianjin Magnesium International Co., Ltd. (“TMI”), requested a review on May 29, 2008, and Petitioner, US Magnesium LLC (“US Magnesium”), requested a review of TMI on May 30, 2008. The Department published in the **Federal Register** a notice of initiation of an administrative review of TMI for the period May 1, 2007, through April 30, 2008. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 73 FR 37409 (July 1, 2008). Currently, the preliminary results of review are due no later than January 31, 2009.

Extension of Time Limit of Preliminary Results.

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondent's sales practices, factors of production, and to issue and review responses to supplemental questionnaires. Therefore, we require additional time to complete these preliminary results. As a result, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 120 days until May 31, 2009.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: January 30, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Import Administration.
