Why Is EPA Posting These Reports and Draft Strategy for Public Comment?

Executive Order 13508 requires the Federal Leadership Committee for the Chesapeake Bay to prepare and publish a set of reports and a coordinated strategy for protecting and restoring the Chesapeake Bay. As required by E.O. 13508 Section 202, lead agencies prepared reports focusing on:

(a) Defining the next generation of tools and actions to restore water quality in the Chesapeake Bay and describing the changes to be made to regulations, programs, and policies to implement these actions;

(b) targeting resources to better protect the Chesapeake Bay and its tributary waters;

(c) strengthening storm water management practices at Federal facilities and on Federal lands within the Chesapeake Bay watershed and developing storm water best practices guidance;

(d) assessing the impacts of a changing climate on the Chesapeake Bay and developing a strategy for adapting natural resources programs and public infrastructure to the impacts of a changing climate on water quality and living resources of the Chesapeake Bay watershed;

(e) expanding public access to waters and open spaces of the Chesapeake Bay and its tributaries from Federal lands and conserving landscapes and ecosystems of the Chesapeake Bay watershed;

(f) strengthening scientific support for decision making to restore the Chesapeake Bay and watershed, including expanded environmental research; and

(g) developing focused and coordinated habitat and research activities that protect and restore living resources and water quality of the Chesapeake Bay and its watershed. E.O. 13508 Section 203 requires the Federal Leadership Committee for the Chesapeake Bay to prepare and publish a strategy for coordinated implementation of existing programs and projects to guide efforts to protect and restore the Chesapeake Bay. The strategy should to the extent permitted by law:

(a) Define environmental goals for the Chesapeake Bay and describe milestones for making progress toward attainment of these goals;

(b) Identify key measurable indicators of environmental condition and changes that are critical to effective Federal leadership;

(c) Describe the specific programs and strategies to be implemented, including the programs and strategies described in draft reports developed under Section 202 of the order;

(d) Identify the mechanisms that will assure that governmental and other activities, including data collection and distribution, are coordinated and effective, relying on existing mechanisms where appropriate; and

(e) Describe a process for the implementation of adaptive management principles, including a periodic evaluation of protection and restoration.

Acknowledging the strong public interest in the future of the Chesapeake

Bay and the actions being taken to improve conditions in the Bay and its watershed, the Federal Leadership Committee for the Chesapeake Bay looks forward to receiving comments on these documents.

What Are the Next Steps in the Process for Collecting Public Comment?

The agencies will review public comments on the draft strategy and agency reports. The comments will be taken into consideration as the Federal Leadership Committee for the Chesapeake Bay develops the final Section 203 strategy. However, the Committee does not anticipate revising the Section 202 reports based upon public comments received. The Committee plans to use comments received on the Section 202 reports to help inform the development of the Section 203 final strategy. As such, reviewers should focus their comments on the draft 203 strategy. A response to comments document will be released at the same time as the final E.O. 13508 Section 203 strategy with anticipated release by May 12, 2010. The federal agencies plan to hold a series of stakeholder meetings throughout the Chesapeake Bay watershed to discuss the draft strategy. The details of these meetings will be announced at: <http://executiveorder.chesapeakebay.net>.

Dated: November 25, 2009.

Peter S. Silva,

Assistant Administrator, Office of Water.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Request for Public Comment: 60-Day Proposed Information Collection: Indian Health Service Medical Staff Credentials and Privileges Files

AGENCY: Indian Health Service, HHS.

ACTION: Notice.

SUMMARY: The Indian Health Service (IHS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the IHS is providing a 60-day advance opportunity for public comment on a proposed new collection of information to be submitted to the Office of Management and Budget for review.

Proposed Collection: Title: 0917-0009, "Indian Health Service Medical Staff Credentials and Privileges Files." *Type of Information Collection Request:* Extension, without revision, of currently approved information collection, 0917-0009, "Indian Health Service Medical Staff Credentials and Privileges Files" agreement. *Form Number(s):* None. *Need and Use of Information Collection:* This collection of information is used to evaluate individual health care providers applying for medical staff privileges at IHS health care facilities.
