II. Information Required for Essential Use Applications for Production or Import of Class I Substances in 2011 and 2012

Through this action, EPA requests applications for essential use exemptions for all class I substances, except methyl bromide, for calendar years 2011 and 2012. This notice is the last opportunity to submit new or revised applications for 2011. This notice is also the first opportunity to submit requests for 2012. Companies will have an opportunity in 2010 to submit new, supplemental, or amended applications for 2012. All requests for exemptions submitted to EPA should present information as requested in the current version of the TEAP-Handbook on Essential Use Nominations, which was updated in 2005. The handbook is available electronically on the Web at http://ozone.unep.org/teap/Reports/ TEAP Reports/EUN-Handbook2005.pdf.

In brief, the TEAP Handbook states that applicants should present information on:

- Role of use in society;
- Alternatives to use:
- Steps to minimize use;
- Recycling and stockpiling;
- Quantity of controlled substances requested; and
- Approval date and indications (for MDIs).

In addition, entities should address the following points to ensure that their applications are clear and complete. First, entities that request CFCs for multiple companies should clearly state the amount of CFCs requested for each company. Second, all essential use applications for CFCs should provide a breakdown of the quantity of CFCs necessary for each MDI product to be produced. This detailed breakdown will allow EPA and FDA to make informed decisions regarding the amount of CFCs to be nominated by the U.S. Government for the years 2011 and 2012. Third, all new drug application (NDA) holders for CFC MDI products produced in the United States should submit a complete application for essential use allowances either on their own or in conjunction with their contract filler. In the case where a contract filler produces a portion of an NDA holder's CFC MDIs, the contract filler and the NDA holder should determine the total amount of CFCs necessary to produce the NDA holder's entire product line of CFC MDIs. The NDA holder should provide an estimate of how the CFCs would be split between the contract filler and the NDA holder in the allocation year. This estimate will be used only as a basis for determining

the nomination amount, and may be adjusted prior to allocation of essential use allowances. Since the U.S. Government does not forward incomplete or inadequate nominations to the Ozone Secretariat, it is important for applicants to provide all information requested in the Handbook, including comprehensive information pertaining to the research and development of alternative CFC MDI products per Decision VIII/10, para. 1 as specified in the Supplement to Nomination Request (pg. 46).

Finally, consistent with Decision XIX/
13 taken in September 2007 at the 19th
Meeting of the Parties, when requesting
essential use CFCs for MDIs, applicants
should provide the following
information: (1) The company's
commitment to the reformulation of the
concerned products; (2) the timetable in
which each reformulation process may
be completed; and (3) evidence that the
company is diligently seeking approval
of any CFC-free alternative(s) in its
domestic and export markets and
transitioning those markets away from
its CFC products.

The accounting framework matrix in the Handbook (Table IV) entitled "Reporting Accounting Framework for Essential Uses Other Than Laboratory and Analytical Applications" requests data for the year 2009 on the amount of ODSs exempted for an essential use, the amount acquired by production, the amount acquired by import and the country(s) of manufacture, the amount on hand at the start of the year, the amount available for use in 2009, the amount used for the essential use, the quantity contained in exported products, the amount destroyed, and the amount on hand at the end of 2009. Because all data necessary for applicants to complete Table IV will not be available until after the control period ends on December 31, 2009, companies should not include this chart with their essential use applications in response to this notice. Instead, companies should report their data as required by 40 CFR 82.13(u)(2) in Section 5 of the report entitled "Essential Use Allowance Holders and Laboratory Supplier Quarterly Report and Essential Use Allowance Holder Annual Report." This form may be found on EPA's Web site at http://www. epa.gov/ozone/record/downloads/ EssentialUse ClassI.doc. EPA will then compile each company's responses and complete the U.S Accounting Framework for Essential Uses for submission to the Parties to the Montreal Protocol by the end of January 2010. EPA may also request additional information from companies to support

the U.S. nomination using its information gathering authority under Section 114 of the Act.

EPA anticipates that the Parties' review of MDI essential use requests will focus extensively on the United States' progress in phasing out CFC MDIs, including education programs to inform patients and health care providers of the CFC phaseout and the transition to alternatives. Accordingly, applicants are strongly advised to present detailed information on these educational programs, including the scope and cost of such efforts and the medical and patient organizations involved in the work. In addition, EPA expects that Parties will be interested in research and development activities being undertaken by MDI manufacturers to develop and transition to alternative CFC-free MDI products. To this end, applicants are encouraged to provide detailed information on these efforts. Applicants should submit their exemption requests to EPA as noted in the ADDRESSES section above.

The Office of Management and Budget (OMB) has approved the information collection requirements contained in this notice under the provisions of the *Paperwork Reduction Act*, 44 U.S.C. 3501 *et seq*. and has assigned OMB control number 2060–0170.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection Being Reviewed by the Federal Communications Commission, Comments Requested

December 15, 2009.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a)

whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments by February 22, 2010. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget (OMB), via fax at (202) 395–5167, or via the Internet at Nicholas A. Fraser@omb.eop.gov and to Cathy Williams, Federal Communications Commission (FCC), 445 12th Street, SW, Washington, DC 20554. To submit your comments by email send then to: PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection send an e-mail to PRA@fcc.gov or contact Cathy Williams on (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0678. Title: Streamlining and Other Revisions of Part 25 of the Commission's Rules. Form No.: FCC Form 312 and

Schedule S.

Type of Review: Revision of a currently approved collection.

Respondents: Business and other forprofit.

Number of Respondents/Responses: 1,030 respondents; 1,030 responses. Estimated Time Per Response: 0.25—

24 hours per response.

Frequency of Response: On occasion and annual reporting requirements; Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in Sections 4(i), 7(a), 11, 303(c), 303(f), 303(g), and 303(r) of the Communications Act of 1934, as amended; 47 U.S.C.154(i), 157(a), 161, 303(c), 303(f), 303(g), and 303(r).

Total Annual Burden: 9,791 hours. Annual Cost Burden: \$27,749,170. Privacy Act Impact Assessment: No impact(s). Nature and Extent of Confidentiality: In general, there is no need for confidentiality.

Needs and Uses: The Federal Communications Commission ("Commission") is revising OMB Control No. 3060–0678 to add the following rule sections that were previously included under OMB Control No. 3060–1007: 47 CFR 25.113, 25.131, 25.154, 25.164 and 25.165. Additionally, we are revising the information collection to include the respondents, annual burden hours and annual costs associated with these rule sections.

Upon OMB approval of the revisions to this information collection, OMB Control No. 3060–1007 also titled, "Streamlining and Other Revisions of Part 25 of the Commission's Rules" will be discontinued.

Currently, OMB Control No. 3060–0678 includes rule sections 47 CFR 25.110, 25.114, 25.115, 25.116, 25.117, 25.118 and 25.130. We will continue to maintain these rule sections in the information collection.

The information collection requirements accounted for in this collection are necessary to determine the technical and legal qualifications of applicants or licensees to operate a station, transfer or assign a license, and to determine whether the authorization is in the public interest, convenience and necessity. Without such information, the Commission could not determine whether to permit respondents to provide telecommunication services in the U.S. Therefore, the Commission would be unable to fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended, and the obligations imposed on parties to the World Trade Organization (WTO) Basic Telecom Agreement.

Federal Communications Commission.
