

the terms and conditions of a second round of oil shale R, D, and D leasing. The BLM has determined that more information is necessary prior to offering additional Federal lands for R, D and D leasing. This withdrawal is not intended to halt the oil shale R, D and D program, which is ongoing with six R, D and D leases in Colorado and Utah. Please specifically comment on the terms and conditions of any future R, D, and D leases that the BLM may issue, including, but not limited to, comments on lease size, lease duration, royalty rate after conversion to a commercial lease, environmental and economic diligence, and whether there is a need for additional preference right lease acreage. As a result of public comments received, the BLM may revise the lease form originally referenced in the **Federal Register** notice published on January 15, 2009 [74 FR 2611].

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
