Comments and questions about the ICR listed below should be received 5 days prior to the requested OMB approval date.

Title of Collection: Recovery Act—Applications for Unemployment Insurance Modernization Incentive Payments.

OMB Control Number: Pending.

Frequency of Collection: One time collection.

Affected Public: State Workforce Agencies.

Total Estimated Number of Respondents: 53.

Total Estimated Annual Burden Hours: 424.

Total Estimated Annual Costs Burden (other than hourly costs): \$0.

Description: Section 2003(f) of the American Recovery and Reinvestment Act of 2009 (ARRA) provides for unemployment insurance (UI) “modernization incentive payments” to be made from the Unemployment Trust Fund (UTF) to the states. The total amount available for all states is \$7 billion dollars. To obtain its share, the state must make an application to the Department of Labor demonstrating that its UI law contains certain benefit eligibility provisions. The last date on which an incentive distribution may be made is September 30, 2011. When applying for a share of the UI modernization incentive payments, a state must document that the provisions of its law meet the requirements for

obtaining an incentive payment. The state is also required to describe how it intends to use any incentive payment to improve or strengthen its UI program.

Why are we requesting Emergency Processing? If DOL were to comply with standard PRA clearance procedures, it would not be able to comply with the ARRA-mandated payment schedule because procedures for these payments must be in place immediately. The statute provides that states need the means to access the funds as soon as possible. Otherwise, harm to the nation's economic recovery could ensue. Finally, in preparing the guidelines, the Department has taken all necessary steps to consult with state workforce agencies in order to minimize the burden of collecting the information while adhering to ARRA payment and monitoring provisions.

Darrin A. King,

Departmental Clearance Officer.
