

NASDAQ and NYSE, NASDAQ is decreasing the liquidity provider rebate it pays to members with an average daily volume through the NASDAQ Market Center in all securities during the month of more than 35 million shares of liquidity provided, from \$0.0031 per share to \$0.0028 per share. The change reverses an "inverted" pricing structure that had previously been in effect for this group of members with respect to these securities, under which the rebate for providing liquidity exceeded the charge of \$0.0029 to access liquidity.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹¹ in general, and with Section 6(b)(4) of the Act,¹² in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls. The impact of the changes upon the net fees paid by a particular market participant will depend upon a number of variables, including its monthly volume, the order types it uses, and the prices of its quotes and orders (*i.e.*, its propensity to add or remove liquidity). NASDAQ notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. In general, the proposed changes are designed to ensure that the fees charged by NASDAQ to route to NYSE and BX reflect the fees charged to, and rebates received by, NASDAQ in connection with such routing. The proposal also reduces the rebate paid to certain members with respect to providing liquidity in stocks listed on venues other than NYSE and NASDAQ. NASDAQ believes, however, that its fees for trading such stocks remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to those members that opt to direct orders to NASDAQ rather than competing venues.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹³ and subparagraph (f)(2) of Rule 19b-4 thereunder.¹⁴ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

rule change on February 12, 2009.⁶ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Rule 472 to conform with amendments to corresponding FINRA Incorporated NYSE Rule 472 (defined below) recently filed by the Financial Industry Regulatory Authority, Inc. ("FINRA") and approved by the Commission.⁷

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend NYSE Rule 472 to conform with amendments to corresponding FINRA Incorporated NYSE Rule 472 recently filed by FINRA and approved by the Commission.

Background

On July 30, 2007, FINRA's predecessor, the National Association of Securities Dealers, Inc. ("NASD"), and NYSE Regulation, Inc. ("NYSE") consolidated their member firm regulation operations into a combined organization, FINRA. Pursuant to Rule 17d-2 under the Act, NYSE, NYSE and FINRA entered into an agreement (the "Agreement") to reduce regulatory duplication for their members by allocating to FINRA certain regulatory

responsibilities for certain NYSE rules and rule interpretations ("FINRA Incorporated NYSE Rules").⁸ As part of its effort to reduce regulatory duplication and relieve firms that are members of both FINRA and the Exchange of conflicting or unnecessary regulatory burdens, FINRA is now engaged in the process of reviewing and amending the Common Rules in order to create a consolidated FINRA rulebook.⁹

Proposed Conforming Amendments to NYSE Rules

As discussed in more detail below, FINRA amended NASD Rules 2210 and 2211 and FINRA Incorporated NYSE Rule 472. The NYSE hereby proposes to amend NYSE Rule 472 to conform to FINRA Incorporated NYSE Rule 472, as amended.

FINRA amended NASD Rules 2210 (Communications with the Public) and 2211 (Institutional Sales Material and Correspondence) and FINRA Incorporated NYSE Rule 472 (Communications with the Public) to remove, in certain circumstances, the pre-approval requirements for the use of "market letters."¹⁰

Specifically, FINRA created a new definition of the term "market letter" in NASD Rule 2211 and modified the definition in FINRA Incorporated NYSE Rule 472 to mean any communication specifically excepted from the definition of "research report" under NASD Rule 2711(a)(9)(A) and FINRA Incorporated NYSE Rule 472.10(2)(a). In addition, FINRA amended the definition of "sales literature" in NASD Rule 2210 to exclude market letters. FINRA also amended FINRA Incorporated NYSE Rule 472 to eliminate the requirement that a qualified person approve market letters in advance of distribution. Finally, FINRA amended the definition of "correspondence" in NASD Rule 2211 to include market letters (as well

as any written letter or electronic mail message) distributed by a member to one or more of its existing retail customers and fewer than 25 prospective retail customers within any 30 calendar-day period.

The Exchange correspondingly proposes to amend NYSE Rule 472 to conform to FINRA's approved amendments to the incorporated version of the Rule. Under the proposed amended NYSE Rule 472, members and member organizations would be permitted to distribute "market letters," as redefined, to customers and the public without obtaining prior approval by a supervisory analyst or qualified person. As defined under the proposed amendments, "market letters" would comprise any communication that is excepted from the definition of "research report" contained in NYSE Rule 472.10(2)(a). As communications with the public, market letters remain subject to the supervision and review requirements of NYSE Rule 342.17, which require each member and member organization to establish written policies and procedures that are appropriate for their business, size, structure and customers for the review of such communications.¹¹

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹² in general, and furthers the objectives of Section 6(b)(5) of the Act,¹³ in particular, in that they are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed rule change also supports the principles of Section 11A(a)(1) of the Act in that it seeks to ensure the economically efficient execution of securities transactions and fair competition among brokers and dealers and among exchange markets.

In particular, the Exchange believes that the proposed rule change supports the objectives of the Act by providing greater harmonization between NYSE Rules and FINRA Rules (including Common Rules) of similar purpose, resulting in less burdensome and more

⁶ Amendment No. 1 removed unnecessary language regarding the operative date of the proposed rule change.

NYSE Alternext US LLC has submitted a companion rule filing to conform its corresponding Rule 472-NYSE Alternext Equities to the changes proposed in this filing. See SR-NYSEALTR 2009-10, submitted February 5, 2009).

⁸ See Securities Exchange Act Release No. 56148 (July 26, 2007), 72 FR 42146 (August 1, 2007) (order approving the Agreement) and Securities Exchange Act Release No. 56147 (July 26, 2007), 72 FR 42166 (August 1, 2007) (SR-NASD-2007-054) (order approving the incorporation of certain NYSE Rules as "Common Rules"). Paragraph 2(b) of the 17d-2 Agreement sets forth procedures regarding proposed changes by either NYSE or FINRA to the substance of any of the Common Rules.

⁹ FINRA's rulebook currently has three sets of rules: (1) NASD Rules, (2) FINRA Incorporated NYSE Rules, and (3) consolidated FINRA Rules. The FINRA Incorporated NYSE Rules apply only to those members of FINRA that are also members of the NYSE ("Dual Members"), while the consolidated FINRA Rules apply to all FINRA members. For more information about the FINRA rulebook consolidation process, see FINRA Information Notice, March 12, 2008.

efficient regulatory compliance for Dual Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange believes that the proposal qualifies for immediate effectiveness upon filing as a non-controversial rule change in accordance with Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6)¹⁶ thereunder. The Exchange asserts that the proposed rule change (i) Will not significantly affect the protection of investors or the public interest, (ii) will not impose any significant burden on competition, and (iii) by its terms, will not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange believes the waiver of this period will allow it to conform its rule to the FINRA NYSE Incorporated Rule without delay and ensure that there is no regulatory gap among those rules. The Commission has determined that waiving the 30-day operative delay of the Exchange's

proposal is consistent with the protection of investors and the public interest because such waiver will allow the Exchange to promptly conform its rules to the FINRA NYSE Incorporated Rule and ensure elimination of any potential regulatory gap.¹⁸ Therefore, the Commission designates the proposal as operative upon filing. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
