The hearing officer will state for the record that if the licensee/applicant is not satisfied with the final decision, he/she may appeal this decision to Federal district court within 60 days, according to 18 U.S.C. 923(f)(3), and that these proceedings may become part of that review.

Post Hearing Procedures

The original report, including exhibits and recording, shall become part of the applicant's/licensee's official file at the Federal Firearms Licensing Center.

DEPARTMENT OF JUSTICE

National Institute of Corrections

Solicitation for a Cooperative Agreement—NIC Cost Containment Online Resource Center Project

AGENCY: National Institute of Corrections, U.S. Department of Justice.

ACTION: Solicitation for cooperative agreement.

SUMMARY: The National Institute of Corrections (NIC) is soliciting proposals from organizations, groups, or individuals to enter into a cooperative agreement for an 18-month project period. The goal of this agreement is the development of a cost containment online resource center. The NIC Cost Containment Online Resource Center (CCORC) will be housed on the NIC Web site and contain materials to assist corrections practitioners with developing and implementing systems-level cost containment strategies. The CCORC will serve as a forum for information exchange and a repository for current, practical evidence-based information about cost containment. The project's four tasks are to (1) compile a guide providing a detailed review of existing evidence-based models, including their strengths, weaknesses, and applicability to correctional agencies, for managing cost containment interventions at the systems level; (2) gather supplemental materials designed to provide concrete and practical strategies for planning, implementing, and sustaining cost containment interventions (The intent is to combine packaged materials with "off-the-shelf" modules that agencies can use to develop workable solutions.); (3) work with the NIC Information Center's Contracting Officer's Technical Representative (COTR), NIC's intermediary with the Information Center, to develop the online site; and (4) coordinate two meetings of a review panel to advise the project early in the development of its products and near the end to evaluate their utility for the corrections field. All expenses for these meetings will be provided out of the funding awarded under this agreement. The two meetings are expected to last one and a half days for up to 10 participants. With the assistance of the recipient, NIC will identify the participants for each meeting. The recipient of this award will assist NIC in locating an appropriate venue and coordinating local arrangements at the site, including meeting rooms and food and beverage services. The recipient will also assist participants in arranging

travel and lodging and in reimbursing costs in conformity with Federal guidelines.

With input from NIC, the recipient will prepare each meeting agenda, participant lists, white papers, handouts, and supplementary materials; duplicate them in sufficient quantities; and deliver them to the venue. With input from NIC, the recipient will also supply or arrange for a facilitator and a note taker for each meeting to be paid out of the funding awarded under this agreement.

DATES: Applications must be received by 4 p.m. EDT on Monday, August 30, 2010. Selection of the successful applicant and notification of review results to all applicants will be sent by October 2010.

Are there any unique or exceptional approaches, techniques, or design aspects proposed that will enhance the project?

Organizational (35%)

Does the proposed project staff possess the skills, knowledge, and expertise necessary to complete the four project tasks, meeting all of the criteria

listed in the solicitation? Does the applicant agency, institution, organization, individual or team have the organizational capacity to complete the project tasks? Are the proposed project management and staffing plans realistic and sufficient to complete the project within the 18-month timeframe?

Project Management/Administration (25%)

Does the applicant identify reasonable objectives, milestones, and measures to track progress? If consultants and/or partnerships are proposed, is there a reasonable justification for their inclusion in the project and a clear structure to ensure effective coordination and supervision?
