

provides for interagency coordination between the two Departments regarding overlap agents and toxins (subtitle C, section 221). For the Department of Health and Human Services, the Centers for Disease Control and Prevention (CDC) has been designated as the agency with primary responsibility for implementing the provisions of the Act; the Animal and Plant Health Inspection Service (APHIS) is the agency fulfilling that role for the Department of Agriculture. CDC and APHIS list select agents and toxins in 42 CFR 73.3 and in 7 CFR 331.3 and 9 CFR 121.3, respectively. The Federal Bureau of Investigation's (FBI) Criminal Justice Information Service conducts security risk assessments of all individuals and nongovernmental entities that request to possess, use, or transfer select agents and toxins.

The meeting announced here is an opportunity for the regulated community (i.e., registered entity responsible officials, alternate responsible officials, and entity owners) and other interested individuals to obtain specific regulatory guidance and information on standards concerning biosafety and biosecurity issues related to the Federal Select Agent Program. CDC, APHIS, and FBI representatives will be present at the meeting to address questions and concerns. Entity registration, security risk assessments, biosafety requirements, and security measures are among the issues that will be discussed.

All attendees must register in advance of the meeting. For those unable to attend in person, the meeting will be available at no cost as a Webcast for a limited number of registrants. There are two ways to register depending upon the U.S. citizenship status of the attendee:

- Citizens of the United States must complete a U.S. citizen registration form online at <http://www.selectagents.gov> and submit it to the CDC by April 12, 2011; or
- Non-citizens (including lawful permanent residents) must complete a non-citizen registration form online at <http://www.selectagents.gov> and submit it to the CDC prior to April 12, 2011. Registrants must also send copies of all required documentation (e.g., passport, visa, permanent resident card, etc.) to the CDC by the April 12, 2011, deadline. A list of required documentation is provided on the Web site listed above. In addition, non-citizens will need to bring all personal documentation to the meeting.

Travel directions to the National Centers for Animal Health Disease Center are available on the Internet at

<http://www.selectagents.gov>. In addition to the documents listed above, Government-issued picture identification is required to gain access to the parking facilities and the building.

If you require special accommodations, such as a sign language interpreter, please call or write one of the individuals listed under **FOR FURTHER INFORMATION CONTACT**.

Done in Washington, DC, this 16th day of March 2011.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.
