SUPPLEMENTARY INFORMATION: The Secretary of Commerce is charged with the responsibility of discharging the domestic obligations of the United States under the International Convention for the Regulation of Whaling, 1946. The U.S. Commissioner has responsibility for the preparation and negotiation of U.S. positions on international issues concerning whaling and for all matters involving the IWC. The U.S. Commissioner is staffed by the Department of Commerce and assisted by the Department of State, the Department of the Interior, the Marine Mammal Commission, and by other agencies.

Once the draft agenda for the annual IWC meeting is completed, it will be posted on the IWC Secretariat's Web site at <http://www.iwcoffice.org>.

NOAA will hold meetings prior to the annual IWC meeting to discuss the

tentative U.S. positions for the upcoming IWC meeting. Because the meeting discusses U.S. positions, the substance of the meeting must be kept confidential. Any U.S. citizen with an identifiable interest in U.S. whale conservation policy may participate, but NOAA reserves the authority to inquire about the interests of any person who appears at a meeting and to determine the appropriateness of that person's participation.

Persons who represent foreign interests may not attend. These stringent measures are necessary to protect the confidentiality of U.S. negotiating positions and are a necessary basis for the relatively open process of preparing for IWC meetings.
