DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Pacific Halibut Fisheries: Charter Recordkeeping.

OMB Control Number: 0648-0575.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 1,909.

Average Hours per Response: 4 minutes.

Burden Hours: 2,415.

Needs and Uses: This request is for an extension of a currently approved information collection.

Pacific halibut is an unusual resource in that halibut management in both state

and federal waters is an international and federal responsibility under the North Pacific Halibut Act of 1982. Annual catch quotas are determined by the International Pacific Halibut Commission (IPHC), and federal responsibility for halibut management extends to halibut stocks and fishing activity within State of Alaska waters. In order to manage halibut effectively, international and federal managers need information on halibut fishing effort and harvest by all user groups, including the guided sport charter sector of the fishery.

In order to minimize the recordkeeping and reporting burden on guided charter operations, federal and international managers depend on fishing activity and harvest information collected by the State of Alaska through its charter logbook program. Federal regulations at 50 CFR 300.65 require charter vessel operators fishing in IPHC Areas 2C and 3A to comply with the State of Alaska logbook reporting requirements.

The State of Alaska Department of Fish and Game (ADF&G) Division of Sport Fish initiated a mandatory logbook program for charter vessels in 1998 requiring annual registration of sport fishing guides and businesses and logbook reporting. The logbook and registration program was intended to provide information on actual participation and harvest by individual charter vessels and businesses in various regions of the state.

ADF&G issues charter logbooks to licensed businesses only and also provides operators with registration stickers and statistical area maps. A schedule of logbook due dates is printed inside the front cover of each logbook.

NMFS and ADF&G coordinated closely in the development of this information collection to use the existing ADF&G logbook to record information necessary for the monitoring and enforcement of the charter vessel angler daily catch limit of halibut, so that a separate federal logbook system would not be necessary. This approach reduces burden to both the charter vessel industry, and federal and state management agencies.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

Bottom Mount Combination Refrigerator-Freezers From the Republic of Korea: Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Justin Neuman or Myrna Lobo, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0486 and (202) 482-2371, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 19, 2011, the Department of Commerce (the Department) initiated the countervailing duty investigation of bottom mount combination refrigerator-freezers from the Republic of Korea. See *Bottom Mount Combination Refrigerator-Freezers From the Republic of Korea: Initiation of Countervailing Duty Investigation*, 76 FR 23298 (April 26, 2011). Currently, the preliminary determination is due no later than June 23, 2011.

Postponement of Due Date for the Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, the Department may postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation if, among other reasons, the petitioner makes a timely request for an extension pursuant to section 703(c)(1)(A) of the Act. In the instant investigation, the petitioner, Whirlpool Corporation, made a timely request on May 9, 2011, requesting a postponement of the preliminary countervailing duty determination to 130 days from the initiation date. See 19 CFR 351.205(e) and the petitioner's May 9, 2011, letter requesting postponement of the preliminary determination, which is available in the Central Records Unit, Room 7046 in the Department's main building.

The Department finds no compelling reason to deny the request. Therefore, pursuant to section 703(c)(1)(A) of the Act, we are extending the due date for the preliminary determination to no later than 130 days after the date on which this investigation was initiated, i.e., to August 27, 2011. However, August 27, 2011 falls on a Saturday. It is the Department's long-standing practice to make a determination on the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Accordingly, the Department will make its preliminary determination on August 29, 2011, the first business day after August 27, 2011.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: May 26, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.
